BLACKJACK WAGER

- The objective of blackjack is to have a hand with a higher point value than the dealer.
 - All numbered cards have a point value equal to their number.

 - Aces may be counted as 1 or 11.

 - On stand, no additional cards are dealt and play proceeds to the next hand or the dealer.
- If the initial two cards for a hand have equal point value, the hand may be split for a wager of the initial blackjack wager. Depending on the version:
 - Split aces may be hit, or
