Auto Spin Feature

Auto Spin plays the game automatically for a given number of spins at the current line bet.

After selecting the desired bet configuration, press the **AUTO SPIN** button, and choose how many spins to play at the current bet settings.

Auto Spin plays the specified number of spins until the **STOP** button is pressed, a bonus is triggered, or until the balance is insufficient to spin again.

Auto Spin is only available in approved jurisdictions.

***Surrounding Wild* Feature**

Any Wild symbol on the reels expands and turns all surrounding symbols wild, if that expansion results in a win.

When the *Surrounding Wild* feature is triggered, the resulting added Wild symbols may occasionally cover a Bonus scatter symbol. In this event, any scatter pay or bonus trigger is still awarded, in addition to any benefits offered by the Wild symbol.

Free Spins Bonus

The *Free Spins Bonus* is triggered by three or more Bonus scatter symbols appearing anywhere on the reels.

The player is presented with four options of free spins and multipliers. The available options depend on how many Bonus symbols were present on the reels when the bonus was triggered.

3 Bonus Symbols	4 Bonus Symbols	5 Bonus Symbols
30 Free Spins with 1x multiplier	40 Free Spins with 1x multiplier	60 Free Spins with 1x multiplier
15 Free Spins with 2x multiplier	20 Free Spins with 2x multiplier	30 Free Spins with 2x multiplier
10 Free Spins with 3x multiplier	15 Free Spins with 3x multiplier	20 Free Spins with 3x multiplier
7 Free Spins with 5x multiplier	9 Free Spins with 5x multiplier	14 Free Spins with 5x multiplier

The *Free Spins Bonus* is retriggered when three or more Bonus scatter symbols appear anywhere on the reels.

Retriggering the *Free Spins Bonus* re-opens the picker after the spins-in-progress are complete.

The bonus can be retriggered multiple times, up to a maximum of 600 free spins per bonus.

If the number of free spins awarded is greater than 540 and the trigger combination reappears, only the scatter win is paid and additional spins are not awarded.

Free spins are played at the same line bet and same number of paylines as the triggering spin.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the line bet on the winning line. Coinciding wins on different paylines are added.

Only the highest scatter win is paid per scatter symbol. Scatter wins are multiplied by the total bet.

Scatter and Bonus wins are independent from payline wins and are also added to the

total amount paid.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details. A transaction includes the results of the *Free Spins Bonus*, plus the outcome which launched the bonus. If the award cap is reached in a bonus, the bonus ends immediately, even if there are remaining free spins.

Additional Information

In addition to the features described in the How to Bet section, the Controls Bar on the bottom of the game screen displays the current balance in the chosen currency, the amount paid if a win occurs, and the amount bet on the last/current proposition.

Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game or the game is void as a result of account inactivity or system maintenance. When an unfinished spin is void, your bet will be refunded to your account. Any awards earned on an unfinished spin/bonus feature will not be credited unless you resume and complete the game.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

Game History

The result of a completed game may be viewed in My History immediately after closing the game window. Results of unfinished games are not displayed in My History.

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the

long-term theoretically expected payback is 92.20% to 96.18%. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
