

Rainbow Wilds Megaways™ is a 6-reel, 2 to 7-row video slot with win ways from 64 to 117649, featuring Normal Wilds, Sticky Wilds, Mushrooming Wild, Multipliers, Free Tumbles and Free Spins with incremental multipliers.

Not all functions listed in the help file are available in all jurisdictions. This help file may mention functions that are not available to you.

You play a fixed 10 coins per spin, the total bet value is shown on the bet control.

The spin button plays the game at the currently shown bet value.

Winning combinations and payouts are made according to the PAYOUT SCREEN.

Wins are calculated by: counting the number of consecutive reels starting on the leftmost reel with matching symbols and multiplying the relative multiplier, shown in the payable, by the product of the number of matching symbols on each reel.

Wild symbols substitute for all other symbols, except other wilds.

The game is subject to a payout limit of the stake multiplied by 12000 per game round. If the winnings exceed this amount for any reason, then the payout will be the maximum prize. If this occurs during Free Spins or in a tumble, they will automatically end and award the maximum prize.

### **Normal Wilds**

Normal Wilds can appear on reel 2,3,4,5,6 during regular game and Free Spins.

During Free Spins, Normal Wilds can have multipliers.

Wild symbols substitute for all other symbols, except other wilds.

### **Sticky Wild**

A single Sticky Wild can appear on reel 2,3,4 during Free Spins only.

Its multiplier starts from 1 and increases on each consecutive tumble.

Sticky Wilds stay on the reels for consecutive tumbles.

The multiplier resets at the end of the winning sequence.

Wild symbols substitute for all other symbols, except other wilds.

### **Mushroom Wild**

A single Mushroom Wild can appear on reel 3,4 during regular and Free Spins.

A Mushroom Wild can spread up to 3 Mushrooming Wilds on reels 2,3,4,5.

During base game, When a Mushroom Wild lands, it animates over any Normal Wilds that are currently on the reels.

During Free Spins, Normal Wilds multiplier increases by 1 when a Mushrooming Wild grows on the same reel.

During Free Spins, Mushroom Wilds animate over all Normal Wilds except the ones that have multipliers, or that obtain a multiplier on the same spin.

Wild symbols substitute for all other symbols, except other wilds.

### **Tumbles**

Whenever a win way pays out the symbols are destroyed and all remaining symbols tumble down.

All destroyed symbols are replaced with randomly determined symbols.

If the new symbols also form a win way they too will pay out and more symbols will tumble in to replace them. This will continue until no more Win Ways can be made.

## **Free Spins**

Free Spins are reached by having multiple successive tumbles. A minimum of 4 tumbles is required to trigger 8 Free Spins.

Each extra successive win after 4 awards 2 extra Free Spins, up to a maximum of 14.

Each extra successive win after 5 gives +1 multiplier for your Free Spins, up to a maximum of x3

During Free Spins you can get additional Free Spins from consecutive tumbles and losses.

4 successive winning spins gives 2 additional Free Spins, each successive winning spin after 4 adds 1, with no maximum limit. (counter shows just the first 4).

4 consecutive losing spins gives 2 additional Free Spins, each consecutive losing spin after 4 adds 1, with no maximum limit. (counter shows just the first 4).

When the reels tumble after a win you are also awarded an additional x1 multiplier

The last Free Spin causes the loss and win counters to reset and awards the number of additional spins shown in the box.

## **Sounds Page**

To access sound settings, click the Open menu button, then select the speaker from the menu Sound effects Toggles Sound effects on or off.

The average return to player for the Buy Free Spins game, 10 Spins is 96.30%

### **Additional Information**

The following game features and settings may be subject to the terms and conditions of the gaming site. For more information on the following, refer to the gaming website:

- The procedures used to manage unfinished game rounds.
- The time after which inactive game sessions automatically end.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 23 hours will be completed and the corresponding prize, if any, will be deposited into the account. In the case of a bonus round, only the total winnings from games completed by the player at that time will be deposited into the account.
