Winning the MegaJackpots Progressive

Every bet offers a chance to win the **MegaJackpots** Progressive. The higher the bet, the better the odds of winning.

The odds of winning the Jackpot are proportional to the actual bet amount. The game is completely fair, offering the same odds per amount bet per currency.

For example, a player playing at a 0.20 coin value has twice the chance of winning the Jackpot as a player playing at a 0.10 coin value in the same game and currency. The expected return to player is the same for both players.

See Rules for information about payout.

MegaJackpots Bonus Game

The **MegaJackpots Bonus Game** is triggered when 5 **MegaJackpots** Bonus Scatter Symbols appear in the base game or a Jumbo **MegaJackpots** Bonus Symbols appears in the *Bonus*.

Triggering the **MegaJackpots Bonus Game** awards 1 spin of the **MegaJackpots Bonus Game** reels. The **MegaJackpots Bonus Game** reels contain Multiplier Symbols and MegaJackpots Symbols.

All symbols that appear in the middle row are awarded. Revealed multipliers are added together.

Win the **MegaJackpots** Progressive when 1 or more **MegaJackpots** Symbols appears in the middle row of the reels. Only 1 **MegaJackpots** Progressive is awarded.

The reels in the **MegaJackpots Bonus Game** are different from the reels in the base game and the *Bonus*.

Pattern Feature

Earn a pattern win when all positions on reel 1 are filled with the Red 7 Symbol and all positions on reels 2, 3, 4, and 5 are filled with the Wild Symbols.

Wild Symbol does not substitute for Red 7 Symbol in a pattern win.

Line wins are not paid in addition to pattern win.

Cash Eruption Bonus

The **Cash Eruption Bonus** is triggered when 6 or more Fireball Scatter Symbols appear anywhere on the reels in the base game, or when a Fireball Symbol appears on the linked reels in the *Bonus*.

During the base game, Fireball Scatter Symbols are collected in the meter above the reels. The meter resets after every spin.

The **Cash Eruption Bonus** awards 3 initial respins.

Each Fireball Symbol that lands reveals either a prize value or MAJOR, MINOR, or MINI. All revealed prize values or MAJOR, MINOR, or MINI are locked in position for the remainder of the bonus.

During each respin, additional Fireball Symbols may land, revealing further prizes.

Every time a Fireball Symbol lands, the respin counter is reset to 3 respins remaining.

Fill all 15 positions on the reels to win the GRAND.

The *Cash Eruption Bonus* continues until no respins remain or until all 15 reel positions are filled.

Locked prize values are cumulative and are awarded in addition to any eligible GRAND, MAJOR, MINOR, MINI.

GRAND, MAJOR, MINOR, and MINI values are fixed awards based on the amount wagered and are not shared – they are only winnable by the player.

Reels used in the *Cash Eruption Bonus* are different from the reels used in the base game and *Bonus*.

The *Cash Eruption Bonus* is played at the same coin value as the triggering spin. The *Cash Eruption Bonus* cannot be retriggered.

Expanding Wild Feature

After the reel spin in the base game or in the *Bonus*, Wild symbols in any position on reels 2, 3, 4, or 5 expand vertically and transform all symbols on the reel into Wild symbols. Wild symbols substitute for all symbols except the Fireball, MegaJackpots, and Volcano symbols.

Wins are evaluated after all transformations are complete.

Wild symbols only expand if a winning combination is possible.

Bonus

The *Bonus* is triggered when 3 or more Volcano Scatter Symbols appear anywhere on the reels.

The *Bonus* awards 6 spins. During the *Bonus*, reels 2, 3, and 4 are linked, and only one Jumbo symbol appears. All Jumbo symbols are 3x3 in size.

During the *Bonus*, Volcano and Fireball Symbols appear on the linked reels only.

A Jumbo Volcano Symbol on the linked reels retriggeres the *Bonus* and awards 3 additional spins, for up to a maximum of 15 spins per bonus.

A Jumbo Fireball Symbol triggers the Cash Eruption Bonus with 9 initially locked symbol positions.

A Jumbo **MegaJackpots** Bonus Symbol triggers the **MegaJackpots** Bonus.

Reels used in the *Bonus* are different than the reels used in the base game.

Spins are played at the same coin value as the triggering spin.

MegaJackpots Rules

When a player wins the Jackpot, a notification message appears. Customer service will contact the player within 24 hours with details of your Jackpot payout. The award verification may take up to 72 hours, and the win will not be reflected in your account balance. You may continue to play. It will not affect your Jackpot.

The amount paid after verification is approximately the amount seen on the Jackpot meter when the win occurs. Potentially, the awarded Jackpot could be somewhat higher because of display delays.

In an exceptionally rare case, two players may simultaneously win **MegaJackpots**. The order of the winners is determined solely by the timestamp applied to each transaction request as it is received by the **MegaJackpots** server. The official **MegaJackpots** winning outcome belongs to the player whose transaction timestamp is first. The player whose timestamp is second may win the jackpot Re-Seed Amount if their **MegaJackpots** winning outcome occurred just after the other player's **MegaJackpots** win, but before the **MegaJackpots** meter was able to reset.

All applicable taxes and fees in connection with any winnings awarded to the player, and any other payments to the winning player are their sole responsibility. Winnings cannot be transferred, substituted, or redeemed for any other consideration.

Jackpot represents an increasing top award where the growth is funded by a fixed percentage of each bet placed by all players playing for the jackpot.

MegaJackpots is not available in free play mode.
