

Paytable

Scatter

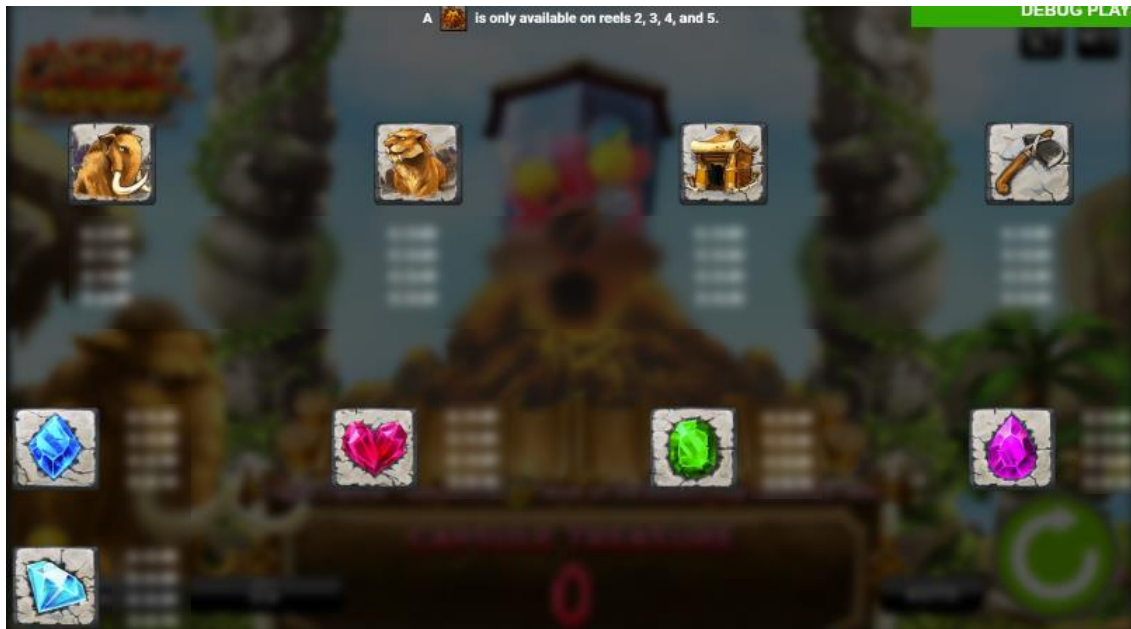

Only 1  will be available on each reel.

6  land on the top of each reel at the start of every spin.

Volcano

All wins are shown at the current bet level.

All wins, except for [gold coin icon] and [gold coin icon], start from the leftmost reel and pay left to right on adjacent reels.

There are 15625 ways to win.

The value is set as the current bet.

The multiplier values of the different icons on this page are shown as examples.

Cascade Feature

Cascade Feature will be triggered when there are winning combinations on the reels.

All of such winning combinations are removed from the reel and new symbols are added from the top to fill up the empty spaces after the completion of the feature.

If additional winning combination is created afterward, this flow will be repeated.

Scatter

[gold coin icon] will be dropped to the bottom row of the reels by Cascade Feature.

[gold coin icon] may have numbers up to x10 displayed on it.

If one or more [gold coin icon] lands on the bottom-most row of the reels, Capsule Treasure Meter will be incremented by the added total value of the numbers displayed on such [gold coin icon].

A [gold coin icon] will be removed once the Capsule Treasure Meter is incremented.

New [gold coin icon] will be added to the top of the reels where [gold coin icon] are removed.

Once all the winning combinations are removed, Capsule Treasure will be triggered.

Volcano

A [gold coin icon] and the symbols except the [gold coin icon] that are in the area of 3 x 3 around the [gold coin icon] will be removed.

No wins are associated with symbols that are removed from the reels via [gold coin icon].

Stampede Feature

Stampede Feature may occur after a  lands on the reel. Stampede Feature removes symbols and awards all the wins.

Only , , , , , and  will be removed from the reels.

No wins are associated with symbols that are removed from the reels via Stampede Feature.

Only , , , and  will be added from the top to fill up the empty spaces after the completion of the feature.

Capsule Treasure

If Capsule Treasure Meter shows a number of 1 or greater, Capsule Treasure will be triggered after all the wins are awarded.

There are 4 different types of Capsule Toys:

Prizes between x3 to x9 the Total Bet will be won.

Prizes between x10 to x45 the Total Bet will be won.

Prizes between x50 to x300 the Total Bet will be won.

Current Rank will increase by 1. Rank could go up to 3 at maximum.

The result of the dispensed Capsule Toy depends on which Rank that player is currently at.

RANK 1: One of , , , or  will be won.

RANK 2: One of , , or  will be won.

RANK 3: One of  will be won.

The feature starts with the Rank 1.

Capsule Treasure Meter will be incremented by 1 if  is dispensed.

Rules

The theoretical return to player (RTP) is 96.03%.

Malfunction voids all pays and plays.

Only the highest symbol win is paid per game played.

Coinciding symbol wins are added.

Symbol wins are paid as shown.

The maximum total win for each game round is capped at 5000 multiplied by the bet level.

The prizes are paid in accordance with the payout table available on the game interface.
Any game in progress for more than 35 days will be cancelled, and the corresponding bet will be refunded.
