In the event of technical difficulties resulting in a dropped connection to the game server, the game you were playing is saved automatically and will load the next time you establish a connection to the game server. You will not be able to reconnect to the game server for the first 30 seconds after the disconnection.

Note: In case of malfunction all pays and play are voided; any bet that was not yet accepted will be voided, any bet that was unsettled will be refunded.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

Winnings are paid according to the payout table. Notwithstanding the foregoing, should an upper winning limit be specified, said limit will prevail. However, the upper limit may be unreachable depending on the game's bet configurations.

Some features, such as Buy Bonus, Buy Pass, Fortune Spins, Feature Buy, Turbo and Speed Spins, some other configurable features and additional bets may not be available.
