## GAME DESIGN

### Game Theme and Graphics

Greenhorn or gun slinger? Show in Wild West™ that you're made of stern stuff! You're a desperado and no longer bound by law - you decide whether to search for gold on 4 reels with 10 win lines staking the Standard- or High-Roller-Bet. It wouldn't be the Wild West if the bullets weren't flying at some point - which is good news because a hail of bullets means a hail of winnings for you!

## Main Game

5 matching symbols on one of the 10 lines and it rains gold nuggets in Wild West™. The winning patterns in this slot can run both left to right and right to left. The 'Wild West' symbol substitutes all symbols and increases your winning odds.

Pressing the start button spins all 4 reel sets simultaneously. The main reel set will stop as the others continue to spin. Any Wild symbols that land on the main set are transferred to the same positions on the 3 smaller reel sets before the reels stop. The reels will stop in sequence, top, middle and then bottom.

## Gunshot Bonus

At the end of a winning game a gun could appear on screen and fire a bullet at any of the winning reel set(s). It will award a multiplier between x2 and x10 for the reel set(s) that are shot. The multiplier will only be active for that game.

## Hi Roller

There are two hi roller stakes to choose from. Play at 5x ('High Roller Silver') or 10x ('High Roller Gold') of the total bet. Each stake awards 3 spins and locking Wilds, with 50% more Wilds on the High Roller Gold stake.

## Rules

All prizes are for combinations of a kind. All prizes are for combinations left to right and right to left. All wins pay only on lines in play. Highest prize only per pay direction. 5 of a kind prizes paid only once. Highest win only paid per selected line. Line wins are added. Wild symbol may appear on all reels.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 2 hours will be completed and the corresponding prize, if any, will be deposited into the account.

Malfunction voids all pays and plays.
