## GETTING STARTED

- Click on the stake selector button to choose your bet. This is the round button with the dollar sign.
- The stake shown is the Total Bet and is the bet-per-line multiplied by the number of base game lines in play (10).
- Click on the menu button to access the pay table, which shows the potential winnings for each reel combination and information about the game. The menu button is the round button with 3 lines in it, from here the pay table is opened by pressing the round button with the letter 'I' in it.
- Press the 'SPIN' button to start the game. This is the big round button with the circular arrow symbol.
- When playing on a desktop or laptop computer you may also press the spacebar to start a new game.

## HOW TO PLAY

- The reels will spin and stop at random positions.
- If the combination of symbols appearing on the reels forms a line of between 3 and 7 matching symbols on one of the win lines, then you win. Any winning lines you have will be highlighted and your winnings will be credited to your account balance.
- Land the bonus symbol on the centre reel (reel 4) in conjunction with 2 other matching God symbols to win free spins.

## REEL WINS

All line wins are derived from the number and value of matching symbols and multiplied by the value of the bet-per-line. All winning lines are added together to form the total win.

Matching symbols must be on a valid win line and can start anywhere along the line. This is referred to as 'adjacent pays'.

Only the highest award per winning combination will be paid.

Few special scenarios for Multiple Line wins are possible on a single win line, regardless of the winning amount.

As an example,

i) 3OAK for one symbol "A" and another 3OAK for the same symbol "A" is possible if the two combinations are separated by a different symbol.

if we have a symbol set on a single win line as A A A X A A A

Case a) "X" is not a wild symbol

In this case, the 'A' symbol will have two 3OAK's.

Case b) X is a wild.

In this case, the symbol will award as 7OAK's of symbol "A".

ii) On a single win line, 4OAK for one symbol and 3OAK for another symbol is possible.

For example - On window have A A A A B B B

A A A A B B B win line has two OAK's are awarded 4 OAK for symbol A and 3 OAK for symbol B.

iii) A single win line can also hold two 4 OAK's if we have a symbol set on a single win line as "A A A W J J J" and W is wild. Then the game will award 4OAK'S of symbol "A" and 4OAK'S of symbol "J"

## **GOD WILDS**

On any spin a God may appear and strike the reels with lightning, turning the centre reel wild and awarding either a x2, x3 or x5 multiplier to qualifying wins. This feature is also possible in free spins.

## **DIVINE HERO SWAP**

On any spin a God may appear and strike the reels with lightning, turning one high symbol 'divine'. When he does this he will swap up to 10 symbols on the reels into the same high symbol for potentially boosted high symbol wins.

## **EXPANDING TEMPLE REELS**

On any base game spin the reels may expand by either one or two extra rows. When one extra row is added (making the maximum reel height 4) then 20 win lines are in play, when two extra rows are added (and the maximum reel height is 5) then 30 win lines are in play.

## **TRIGGERING FREE SPINS**

Zeus bonus scatter symbols are on reels 3 and 5, Poseidon is on reels 2 and 6, Hades reels 1 and 7. Landing 2 identical God bonus scatter symbols along with the linking FREE SPINS bonus scatter symbol on the centre (4th) reel will trigger free spins. It is possible to win 1, any 2 or all 3 of these bonuses on the same spin!

## **ZEUS FREE SPINS**

ZEUS FREE SPINS are triggered by landing a ZEUS bonus scatter symbol on reels 3 and 5 along with the FREE SPINS bonus scatter symbol on the centre reel (reel 4). This awards 10 free spins on the regular sized reel set, and an increased chance of Zeus awarding either the God Wilds or Divine Hero Swap features.

## **POSEIDON FREE SPINS**

POSEIDON FREE SPINS are triggered by landing a POSEIDON bonus scatter symbol on reels 2 and 6 along with the FREE SPINS bonus scatter symbol on the centre reel (reel 4). This awards 10 free spins on the reel set that is expanded by ONE row - and so 20 lines are in play. There is also an increased chance of Poseidon awarding either the God Wilds or Divine Hero Swap features.

## **HADES FREE SPINS**

HADES FREE SPINS are triggered by landing a HADES bonus scatter symbol on reels 1 and 7 along with the FREE SPINS bonus scatter symbol on the centre reel (reel 4). This awards 10 free spins on the reel set that is expanded by TWO rows - and so 30 lines are in play. There is also an increased chance of Poseidon awarding either the God Wilds or Divine Hero Swap features.

## **MULTIPLE BONUS WINS**

The symbol on reel 4 is the critical one - all other bonus scatter symbol requirements are on different reels. This makes it possible to win one, two, or ALL THREE free spin bonus games on the same spin! In free spins the reel size will remain fixed to those described above for the duration of the type of bonus being played, 3 high for zeus, 4 high for posedion and 5 high for Hades.

On any given base game spin, Expanding Temple Reels, God Wilds and Divine Hero Swap can not be won on the same spin (or in any combination of more than one), in free spins the same applies, God Wilds and Divine Hero Swap cannot be won on the same spin.

## GAME RECOVERY

In the event of a game in real play being interrupted, (i.e. started but not completed due to connectivity issues or accidentally closing the browser, etc.), depending on the previous state of the game, it will either resume from the point of the last spin or display the outcome of the game already in play.

Any winnings will be correctly credited to the player account and will be exact according to the result prior to the game being interrupted.

All results are predetermined.
