

AWARDS

Match 2, 3, 4 or 5 symbols across a valid win line to achieve a win

WINNING LINES

All games are played with 10 win lines.
 Wins can occur across any or all of the win lines.
 Only the highest award is paid per winning combination.
 Wins on different played lines are added.
 All wins pay left to right across adjacent reels, except Bonus, starting from the leftmost reel.
 Wins on different win lines are accumulated.

WILD SYMBOLS

Wilds substitute for all symbols except the bone-us symbol:

Santa symbols are wild and only appear in the bonus and Fortune Spins.

MIXED PAYS

The pooch symbols are mixed pays.

They will award line wins landing in any combination as

5x = 20x Stake
 4x = 5x Stake
 3x = 1x Stake

BEST OF BREED ROSETTE TRAIL

During the game, each pooch landing in view adds to the Rosette trail above the reels.
 The Rosette trail consists of 10 increments.
 The last three increments are Rosettes that show multiplier values.
 If enough pooches land to light a rosette, a rosette is awarded to a pooch in view.
 The value on the pooch is multiplied and paid.

During free spins, the Best of Breed Rosette trail is reduced in length.

BONUS SYMBOL

The bone-us symbol is available on all reels in the base game and Fortune Spins.

3 or more bone-us symbols landing anywhere in view will trigger the bonus.

3 in any position awards 10 Free Spins.

4 in any position awards 15 Free Spins.

5 in any position awards 20 Free Spins.

FREE SPINS

During the bonus feature each Santa pays the cash values from all pooch symbols in view and adds to the Santa trail above the reels.

The Santa trail consists of 9 increments including 3 enhanced stages. At each stage an extra set of 10 Free Spins are triggered, and the multiplier for all collected pooch values increases.

The multiplier increases to x2 at the first stage, x3 at the second stage and x10 at the third. The extra spins and increased multiplier are only awarded after the current set of spins have completed.

The values on the pooches can be 2x, 5x, 10x, 15x, 20x, 25x or 50x the active base game stake.

FORTUNE SPINS

As an alternative to spinning the normal reels, a different base game can be chosen. The Fortune Spins game can be played via the Fortune Spins button.

All symbols will be removed from the reels with exception of the pooch, bone-us and Santa symbols.

The Santa symbol acts as a wild and cash collector. If a Santa and any number of pooches appear on the reels at the same time, the values presented on the pooch symbols will be collected.

The values on the pooch symbols will be collected for each Santa symbol that lands on the reels.

Fortune Spins can be played at any stake.

The values on the pooches can be 2x, 5x, 10x, 15x, 20x, 25x or 50x the active stake.

FORTUNE BET

Fortune Bet is an alternative to standard spins. Activating Fortune Bet allows the player to select a new bet multiplier at 1.5x the current stake. Doing so changes the bone-us symbols into super sized bone-us.

Fortune Bet gives the player more than double the chance of achieving the bonus. Landing one supersize bone-us fully in view or 3 or more bone-us partially in view triggers the bonus.

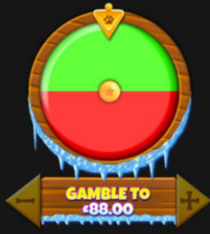

Once triggered, each bone-us fully in view awards 10 free spins, each bone-us partially in view awards 5 free spins. A maximum of 50 Free Spins can be initially awarded.

In the bonus, pooches are multiples of the original base game stake, not the enhanced Fortune Bet stake.

GAMBLE

The gamble can be configured to be on, on if the win is greater than or equal to 5x stake, or off.

If the gamble is on, any winnings awarded during the game will offer the gamble feature. If the gamble is on and if the win is greater than or equal to 5x stake, any winnings greater than or equal to 5x stake awarded during the game will offer the gamble feature. The gamble entry trigger is based on the base stake before any stake multipliers are applied.

When the gamble is entered, two wheels are presented. The left wheel offers the chance to increase the winnings by one third, double the winnings, or triple the winnings.

The right wheel offers the chance to win Free Spins. The win value can be adjusted by pressing the '-' and '+' arrows, this in turn will adjust the winning and losing segments of the wheel.

Press either wheel during the feature to gamble your winnings and spin the pointer.

If the pointer stops on the green segment, the cash value or Bonus is awarded.

If the pointer stops on the red segment, the player loses their winnings and exits to the base game.

When the potential winning area of the gamble wheel is at its minimum size the chance of success could be significantly less than the visual representation shown.

Winnings can be gambled up to a maximum win amount of x2500 base stake or £500,000.00, whichever is the lower value. Once the maximum win amount is reached, winnings are automatically collected and the gamble will be exited.

A maximum of 30 Free Spins can be achieved in the gamble for Free Spins wheel. Once this is reached, the Free Spins wheel is disabled, while the player is still able to gamble on the Cash wheel.

Press the 'COLLECT' button during the feature to collect your winnings.

The expected payback for the gamble game is 100%

SPIN CHANCE

Spin Chance is triggered automatically if the credit is reduced below the current price of play, yet is still greater than zero.

Spin Chance offers the player an opportunity to wager their remaining credit in an attempt at winning an additional base game spin at the current bet.

To play Spin Chance, select the 'PLAY' button to begin moving the pointer across the meter.

Alternatively, select the 'NO THANKS' button to exit Spin Chance with the remaining credit.

If the pointer stops on the green segment, a spin at the current bet is awarded and plays automatically.

If the pointer stops on the red segment, the player loses any remaining credit and exits to the base game.

The red and green segments are proportional to the amount of credit in relation to the current bet.

The chance of winning a spin is determined by this ratio.

BONUS BUY

Bonus Buy allows the player to purchase direct entry to the Free Spins bonus.

Purchasing the feature immediately starts a game that guarantees at least 3 scatter symbols to land in view.

Bonus Buy is purchased for 100x the current stake.
Feature awards are determined by the current stake.

The average payback over multiple game cycles in the Bonus Buy mode is 94.50%.

GENERAL INFORMATION

GAME RECOVERY

In the event of an unexpected interruption / termination of a real play game, the game will recover to the last known state.

STAKE INFORMATION

The minimum stake available is £0.10 per game. The maximum stake available is £2,000.00 per game.

PAYBACK INFORMATION

The player's odds of getting any particular outcome are always the same.

Any combination of wins in a single game is limited and will not exceed £500,000.00 excluding jackpots. It may not be possible to reach this limit in a single game from every stake configuration.

The theoretical average return to player (RTP) for this game is 94.50%.

The RTP reflects the theoretical return across a very large number of plays over an extended period of time, and represents the long-term expected payback of the game which has been calculated by an independent testing company, in accordance with the required regulations.

The outcome of any play during the game is pre-determined. Player choices do not affect the outcome of the game unless indicated.

Malfunction voids all pays and plays.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 35 days will be cancelled, and the corresponding bet will be refunded.

Depending on the certified configurations, the maximum winning limit indicated in the rules/help screens of the game might not be attainable.
