## **Prize Disk Feature**

The *Prize Disk* feature is triggered when a Bonus scatter symbol appears anywhere on the reels. These symbols are only found on reels 1, 3, and 5 in the base game and on reels 1, 2, 3, 4, 5 in the *Free Spins Bonus*. Each triggering Bonus scatter symbol pays a bonus win or awards free spins as shown in the *Prize Disk* position above the triggering symbol.

On each spin, the awards in the *Prize Disk* shift one reel to the left, introducing a different award in the *Prize Disk* position above the fifth reel.

The *Prize Disk* used in the *Free Spins Bonus* is different from the **Prize Disk** used in the base game.

The available *Prize Disk* awards differ per coin value and are stored across play sessions.

## **Free Spins Bonus**

The *Free Spins Bonus* is triggered when one or more Free Spins symbols are awarded from the *Prize Disk* feature. Each triggering Free Spins symbol awards 10 free spins. The reels in the *Free Spins Bonus* are richer than the base game reels, with more Bonus symbols added to the reels.

The *Free Spins Bonus* is retrigged when one or more Extra Spins symbols are awarded from the *Prize Disk* feature. Each triggering Extra Spins symbol awards 2 additional free spins.

The bonus can be retrigged multiple times, up to a maximum of 250 free spins per bonus.

Reels used in the *Free Spins Bonus* are different from the reels used in the base game.

Free spins are automatically played at the same coin value and same number of paylines as the triggering spin.

## **Rules**

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line.

Bonus wins are independent from line wins and are added to the total amount paid. *Prize Disk* wins are independent from line wins and are added to the total amount paid.

Bonus scatter symbol appears on reels 1, 3, and 5 in the base game, and appears on all reels in the Free Spins Bonus.

Wild symbol appears on reels 2, 3, and 4 only.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details. A transaction includes the results of the Free Spins Bonus plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

### **Additional Information**

In addition to the features described in the How to Bet section, the Controls Bar on the bottom of the game screen displays the current balance in the chosen currency, the amount paid if a win occurs, and the amount bet on the last/current proposition.

### Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game or the game is void as a result of account inactivity or system maintenance. When an unfinished spin is void, your bet will be refunded to your account. Any awards earned on an unfinished spin/bonus feature will not be credited unless you resume and complete the game.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

### Game History

The result of a completed game may be viewed in [My History](#) immediately after closing the game window. Results of unfinished games are not displayed in My History.

### Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the long-term theoretically expected payback is 96.02%. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
