Jackpot Jester 50,000

Jackpot Jester 50,000 is a 3x3 Reel slot game that gives you the chance to win a 50,000 Coin Jackpot. This Jackpot can be won only by playing the Super Game, which is the top set of Reels.

The game can be played at a Bet of 10 coins or 20 coins per spin, but to be eligible to play the Super Game you must Bet 20 coins per spin.

The theoretical average return to player (RTP) is 94.987% to 95.080%.

Game Rules

Play 5 lines (Bet 10 or Bet 20)

Bet 20 wins transfer to SUPER GAME meter

Payouts are made according to the Paytable

Coinciding wins on different paylines are added

Highest win only on each payline

All symbols pay Left to Right

JESTER is WILD and substitutes for all symbols

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 24 hours will be cancelled, and the corresponding bet will be refunded.

SUPER GAME

Play 5 lines (Bet 100)

The SUPER GAME can be initiated when 100 coins are accumulated in the SUPER GAME meter during Bet 20 play

To enable the SUPER GAME, press the SUPER GAME button

Press COLLECT at any time to transfer SUPER GAME coins back to Bet 10 or Bet 20 play

JESTER is STACKED during the SUPER GAME

Optimal play is to enable the SUPER GAME whenever available

How to Play

Press the **'BET'** Button to choose either the Bet 10 or Bet 20 coin option.

You can change the denomination of coin you are betting by clicking the **'-'** or **'+'** buttons located in the settings page

Press **'-'** to reduce the coin denomination and **'+'** to increase the denomination shown.

The real money value of your stake is displayed in the **TOTAL BET** meter at the top of the game.

Press **'SPIN'** when you want to play a game at your current denomination and Bet level.

Press **'MAX BET'** to BET 20 coins at the currently selected denomination and spin the Reels.

The aim of the game is to get combinations of 3 identical symbols on any or all of the 5 available paylines.

The game is always played on 5 paylines- this cannot be adjusted.

Jester symbols are WILD and substitute for all other symbols in a combination.

For each set of 3 matching symbols on a specified line, you will be paid a Prize in coins of the winning symbol combination's value (according to the Paytable) multiplied by your current Denomination.

There is a separate, unique paytable used for play at each coin Bet Value.

If you are playing at BET 10, your prize will be added to the available **COINS** Meter.

The **BALANCE** meter shows the value of your available COINS in real currency.

If you are playing at BET 20, your prize in coins will be added to the **SUPER GAME** Meter.

Once you have collected 100 coins in the SUPER GAME meter you will be able to transfer to Super Game play by pressing the **'SUPER GAME'** button.

The top prizes in the Super Game are much bigger, and include the chance to win the top prize of 50,000 coins, which can be won only by getting a symbol combination of 9 Jesters.

To play the Super Game you must Bet 100 coins for each spin, so if you want to play several Super Game spins in a row, you will either have to win a large prize, or save up your prizes won during BET 20 play.

Press **'SPIN'** to play the Super Game.

At any time during the Super Game or BET 20 play you can collect the remaining prizes accumulated in the SUPER GAME meter by pressing the **'COLLECT'** button.

Malfunction voids all pays and plays
