After selecting the desired bet configuration, press **AUTO SPIN**, and choose how many spins to play at the current bet settings.

Auto Spin plays the specified number of spins until **STOP** is pressed, a bonus is triggered, the balance is insufficient to spin, or any enabled win/loss limit settings are reached.

Auto Spin is only available in approved jurisdictions.

Auto Spin feature is not available in mini format.

MultiWay Feature

With the *MultiWay* feature, there are 1024 ways to win on every spin. *MultiWay* wins pay for matching symbols in any position in adjacent columns, starting from the leftmost column. More than one matching symbol in the same column multiplies the award. The Wild symbol substitutes for all symbols except for Bonus symbols. Only the highest paying *MultiWay* win for each symbol is paid per spin.

Example of a *MultiWay* payout:

The following diagram shows a sample reel outcome using the Queen symbol. Because there is at least one Queen or Wild symbol in each of the first four columns, the player has won the 4 Queen *MultiWay* win which pays 10 coins per way.

Payout example: 1 x 2 x 3 x 1 Queens → 6 winning ways:

| Column 1 | Column 2 | Column 3 | Column 4 | Column 5 |
|----------|----------|----------|----------|----------|
| | | Wild | Queen | |
| Queen | | Wild | | |
| | Wild | Wild | | |
| | Wild | | | |
| 1 Queen | 2 Queens | 3 Queens | 1 Queen | |

To determine the payout for this combination:

1. Count the number of Queen and Wild symbols in each column.
2. Calculate the total number of winning ways ($1 \times 2 \times 3 \times 1 = 6$).
3. Multiply the number of ways by the 4 Queen symbol win ($6 \times 10 = 60$).
The win is 60 coins.

The actual amount won in currency is based on the coin value.

Free Spins Bonus

The *Free Spins Bonus* is triggered when two or more Bonus symbols appear anywhere on the centre column.

Bonus symbols are only found on column 3.

| Number of Bonus Symbols | Free Spins Awarded |
|-------------------------|--------------------|
| 4 | 20 |
| 3 | 15 |
| 2 | 10 |

The reels in the *Free Spins Bonus* are richer than the base game reels.

The *Free Spins Bonus* is retrigged when two or more Bonus symbols appear anywhere on the centre column.

Bonus symbols are only found on column 3.

| Number of Bonus Symbols | Additional Free Spins Awarded |
|-------------------------|-------------------------------|
| 4 | 20 |
| 3 | 15 |
| 2 | 10 |

The bonus can be retrigged multiple times, up to a maximum of 130 free spins per bonus.

Reels used in the *Free Spins Bonus* are different from the reels used in the base game.

Free spins are played at same coin value, same number of paylines and, if activated, Ways as the triggering spin.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive columns, beginning with the far left column.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

MultiWay wins (only available when 1024 ways activated) are independent from payline wins and are also added to the total amount paid.

MultiWay wins pay for the same symbol in any position in adjacent columns.

Same symbol in the same column multiplies win.

MultiWay wins pay left to right, beginning with the far left column.

Only the highest paying *MultiWay* win for each symbol is paid per spin.

Coinciding *MultiWay* wins from different symbols are added.

MultiWay wins are multiplied by the coin value.

Wild symbol appears on columns 2, 3, 4, and 5 in the base game.

Wild symbol appears on columns 2, 3, 4, and 5 in the *Free Spins Bonus*.

Bonus wins are independent from payline and *MultiWay* wins and are added to the total amount paid.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details. A transaction includes the results of any triggered bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

Additional Information

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the long-term theoretically expected payback is 92.90% without 1024 ways enabled and 95.03% with 1024 ways enabled. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
