

Fortune Coin Fever Spins

How to Bet

Bet Settings Menu

Press the cog or TOTAL BET to open the Bet Settings menu.

243 WAYS

Displays the current number of ways being played. Betting is fixed at 243 ways.

Coins

Displays the current number of coins being played.

Coin Value

Displays the current coin value shown in currency. Select the desired total bet to change.

On desktop devices, optionally press the minus button (-) to decrease the coin value or press the plus button (+) to increase the coin value.

Press OK to confirm and close the Bet Settings menu.

Spin

Press the circular arrow to submit the bet and spin the reels.

Auto Spin Feature

Auto Spin plays the game automatically for a given number of spins at 243 ways and the current coin value.

For jurisdictions where Auto Spin is enabled: Select the number of auto spins and where available, the loss limit, and the (optional) single win limit.

After selecting the desired bet configuration, press **AUTO SPIN**, and choose how many spins to play at the current bet settings.

Auto Spin plays the specified number of spins until **STOP** is pressed, a bonus is triggered, the balance is insufficient to spin, or any enabled win/loss limit settings are reached.

Auto Spin is only available in approved jurisdictions.

Fever Spins Feature

Fever Spins triggers on any spin in the base game that pays at least 2x the total bet, including *Jackpot Bonus* wins.

The amount of *Fever Spins* awarded is determined by dividing the total win by the total bet, up to a maximum of 100 spins. For instance, if playing at a 0.2 total bet and the win amount is 4, 20 *Fever Spins* are awarded.

To play *Fever Spins*, wager the value of the triggering spin from the winnings displayed in the Win Meter.

During *Fever Spins*, if a new spin results in win, and the number of spins awarded is less than 100, the number of remaining *Fever Spins* are recalculated again.

After each *Fever Spins*, bet again or press COLLECT to collect the winnings. This process repeats until the balance in the Win Meter is too low to bet, COLLECT is pressed, or after the 100th spin.

The number of spins played, and the number of remaining spins available are shown in the meters.

Different reels are used in *Fever Spins*.

Fever Spins are played at the same coin value as the triggering spin.

During *Fever Spins*, the *Fortune Coin* feature, *Jackpot Bonus*, and *Free Spins Bonus* can trigger.

Fortune Coin Feature

The *Fortune Coin* feature is triggered when 1 or more Coin Scatter Symbols appear anywhere on the reels in the base game, *Fever Spins* feature, or the *Free Spins Bonus*.

Coin Symbols may award cash prizes or trigger the *Jackpot Bonus* in the base game. They may also trigger the *Free Spins Bonus* in the *Fever Spins* feature.

Jackpot Bonus

The *Jackpot Bonus* is triggered when a Coin Scatter Symbol in the *Fortune Coin* feature reveals a Jackpot icon.

Collect 3 matching symbols to win the corresponding Maxi, Major, Minor, or Mini Jackpot award. Find Boost, Super Boost, and Mega Boost icons to increase the value of the jackpots.

Jackpots may be increased up to a maximum of 6 times.

At least 1 jackpot is guaranteed, but all 4 jackpots and boosted awards may be awarded if an Award All icon is revealed.

The bonus ends after a jackpot has been awarded. Jackpot

values reset after every bonus.

Free Spins Bonus

The *Free Spins Bonus* triggers from the *Fever Spins* feature in 2 ways – 3 or more Bonus Scatter Symbols appearing anywhere on the reels, or 1 or more Free Spins are revealed in the *Fortune Coin* feature.

When triggering or retriggering the bonus from Bonus Scatter Symbols, 3, 4 or 5 Bonus Scatter Symbols awards 10, 15, or 20 free spins, respectively.

In the *Fortune Coin* feature, 5, 10, 15, or 20 free spins can be awarded. If

multiple coins reveal free spins, they are added together.

Reels used in the *Free Spins Bonus* are different from the reels used in the base game.

The bonus can retrigger multiple times, up to a maximum of 1000 free spins per bonus.

Free spins are played at same coin value as the triggering spin.

Options

All Sound

- Toggle game sounds on or off.

Sound Effects

- Toggle sound effects on or off.

Music

- Toggle music on or off.

Rules

Misuse or malfunction voids all pays and plays.

MultiWay wins pay for the same symbol in any position in adjacent reels.

Same symbol in same column multiplies win.

MultiWay wins pay left to right.

Only the highest paying **MultiWay** win for each symbol is paid per spin.

Coinciding **MultiWay** wins from different symbols are added.

Only the highest scatter win is paid. Scatter wins are multiplied by the total bet.

Scatter wins are independent from **MultiWay** wins and are also added to the total amount paid.

Bonus Scatter Symbols appear only in the *Fever Spins* feature and the *Free Spins Bonus*.

Bonus wins are independent from **MultiWay** wins and are added to the total amount paid.

Wild Symbol appears on reels 2, 3, 4, and 5 in the base game, *Fever Spins*, and the *Free Spins Bonus*.

Wild Symbol substitutes for all symbols except Bonus and Coin Symbols. Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the payable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

Depending on the certified configurations, the maximum winning limit indicated in the rules/help screens of the game might not be attainable.
