

How to Play

Game Introduction

Rainbow Riches Megaways™ uses the popular Megaways™ mechanic that provides between 324 and 117,649 ways to win. Winning symbols are removed after each spin causing a cascade of symbols that can create further wins. The "Free Spins Bonus" features an unlimited win multiplier and a chance of additional Free Spins.

Cascading Wins

When a winning combination appears on the reels, all symbols participating in a win are removed from the reels and replaced. Symbols are replaced on the main reels from above and on the top reels from the right. The number of symbols on each reel is fixed for any subsequent symbol cascades that occur in each game round. The cascade will continue until no further wins are created.

Super Gem Bonus

A Super Gem symbol appearing in any position on the top reel will trigger the "Super Gem Bonus". The Super Gem transforms all visible gem symbols, including itself, into the same randomly selected gem symbol. The transformed gem symbols are evaluated and paid along with any other wins.

Free Spins Bonus

The "Free Spins Bonus" is awarded when 4 or more pot symbols are in view on the main reels at the end of a spin. 12 Free Spins will be awarded for 4 pot symbols. For each additional symbol in view, 5 extra Free Spins are awarded. Free Spins use the same awards as the base game.

Free Spins Bonus Re-Trigger

The extra Free Spins symbols are only available on the top reel. 1, 2 or 3 additional Free Spins are awarded when +1, +2 or +3 symbols respectively are in view at the end of a spin. Extra Free Spin symbols are removed from the top reel and added to the remaining counter. The top reel symbols will cascade when the symbol is removed, potentially creating further wins.

Unlimited Win Multiplier

The "Free Spins Bonus" features an "Unlimited Win Multiplier". The "Unlimited Win Multiplier" starts at x1 and increments by 1 after each winning cascade. The increased "Unlimited Win Multiplier" applies to subsequent wins. A winning cascade consists of all adjacent win symbols and does not include additional Free Spin symbols.

Buy Pass

The "Buy Pass" feature allows the "Free Spins Bonus" to be purchased. The cost of this bonus is 100x total bet. Selecting "Buy Pass" presents the option of buying outright or taking a chance to win the "Free Spins Bonus".

If the arrow lands in the green segment, the "Free Spins Bonus" is awarded from the reels, otherwise the staked amount is forfeited. The "Free Spins Bonus" will award at least 12 Free Spins.
