## Rules

### Wild

ZODIAC substitutes for all symbols except SCATTER.

### Scatter

Any WHEEL symbol win during the base game triggers the Wheel Feature.

### Symbol Pays

Symbol pays from left to right except WHEEL (which pays any) where the participating symbol count is greater or equal to 5.

Symbol pays are calculated as the number of participating symbols multiplier by the symbol value as found in the Paytable.

Wins are multiplied by the coin value.

All line combinations start at the leftmost reel.

## **Infinity Reels™**

All spins begin with 3 reels.

On any spin, if the rightmost reel improves any symbol combination, then an extra reel is added to the right.

The new reel is spun, and if it again improves any symbol combination then another reel is added and so on.

Wins are calculated once no extra reel is added.

There is no upper limit imposed on the number of reels that can be added.

## **Symbol Multiplier**

The Symbol Multiplier is applied to all symbol wins.

In any new game, the Symbol Multiplier starts as 1.

In the base game, the Symbol Multiplier increases by 1 every time a new reel is added.

In Free Spins, the Symbol Multiplier increases by between 1 & 7 (depending on the outcome of the Wheel Feature) every time a new reel is added.

The Symbol Multiplier starts at 1 when Free Spins commence but is not reset between Free Spins.

There is no upper limit imposed on the Symbol Multiplier.

## **Wheel Feature**

Any WHEEL symbol win during the base game triggers the Wheel Feature.

After the Wheel Feature, Free Spins will commence.

The Wheel Feature pays instant prizes and can also improve the number of spins and symbol win multiplier increment of the upcoming Free Spins feature.

8 Free Spins with a Symbol Win Multiplier Increment of 1 are stored.

Five wheels are presented with incrementally larger prizes.

The first wheel is spun.

If a cash prize is won, it is paid, and the Wheel Feature ends.

If a Free Spin increment, or Symbol Win Multiplier Increment is won, the respective value is added to the stored amount, and the next wheel is spun.

The fifth wheel contains only Jackpot prizes; thus all positions will trigger the Wheel Feature to end.

Jackpot Prizes are:

Grand :	1000 x total bet
Major :	100 x total bet
Minor :	25 x total bet
Mini :	10 x total bet

The Wheel Feature is played at the same bet of the triggering spin.

## **Infinity Bonus**

A prize of 888x total bet (22,200 coins) is awarded for any spin that results in 13 or more reels being added.

The Symbol Multiplier is not applied to Infinity Bonus wins.

## **Free Spins**

Free Spins commence once the Wheel Feature completes.

The player is awarded as many spins as were stored in the Wheel Feature.

The Symbol Multiplier increases by the amount that was stored in the Wheel Feature every time a new reel is added.

Any WHEEL symbol win during Free Spins awards an extra 4 spins.

Free Spins are played at the same bet of the triggering spin.

## **Game Rules**

25 coins to play.

Participating symbol count, for symbols with a visible height greater than one row, is calculated as the total number of rows the symbol covers, in the active four-row display.

Symbols pay from left to right except WHEEL (which pays any) where the participating symbol count is greater or equal to 5.

Symbols all pay as scatters.

Symbol pays are calculated as the number of participating symbols multiplied by the symbol value as found in the Paytable.

Wins are multiplied by the coin value.

Coinciding wins for different symbols are added.

ZODIAC substitutes for all symbols except WHEEL.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 24 hours will be cancelled, and the corresponding bet will be refunded.

Malfunction voids all pays and plays.

The Theoretical Return to Player is 95.57%
