## Thunder Cash™ - Golden Book Of Ra™

### GAME RULES

- This page contains information on how to play this game.
- Please scroll down to read through all topics.

#### Getting started

- When you start the game, you enter a lobby where you can choose a machine to play this game. Simply click on 'Play now' or a vacant machine to begin playing!
- This game is a game for one player - the gameplay of other players does not affect yours. Each game starts when you place a bet and ends when you leave the application.
- In the lobby, you may see other players in the same game sitting at a machine. By clicking such a machine, you are entering 'spectator mode' and can watch a different player play. You are not able to influence the game which you are spectating in any way.

#### Playing

- You choose the total bet per round via the "Total Bet" button.
- The minimum bet per round is \$
- The maximum bet per round is \$
- The "Start" button begins a round of play.
- Each round is independent of previous rounds.
- All game outcomes are independent and randomly determined.
- When you start a round, the bet is deducted from the balance you've paid in.
- At the end of a round, the console displays your win, if any.
- A player cannot influence the result of a game by stopping the reel spins.

#### Win Lines

- This game has 5 reels and 10 win lines.
- You can find an overview of the win line pattern via "Paytable & Info".

#### Autoplay

- Clicking on "Auto" starts automatic spins.
- If "Autoplay" is activated the button label becomes green. Clicking it again stops the automatic spins.
- Autoplay stops automatically when a feature is awarded.
- Autoplay stops automatically when the total bet is higher than your current funds.

#### Winnings

- Winning combinations and payouts are made according to the paytable.
- Symbol payout values shown in the paytable are dynamic and change in accordance with the selected bet value.
- The leftmost reel is reel 1, the rightmost reel is reel 5.
- All wins start on the leftmost reel and are for combinations of a kind, consecutive from left to right on selected lines, except scatters.
- Prizes and Free Games are paid out and played only if the player enters the Lock & Spin Feature.
- Highest win only paid on each selected line and per scatter combination.
- Scatter wins and line wins are added.
- Any Base Game wins won on the same reel set as the Lock & Spin Feature trigger are part of the Feature game win.

#### Bonus Symbols

- 6 or more Coin symbols appearing anywhere on the reels trigger the Lock & Spin Feature.
- The Wild symbol substitutes for all symbols except for Scatter symbols to help complete winning combinations.
- The Golden Book and Coin symbols represent Scatter Symbols.
- No Golden Book symbols are present on the reels during the Base Game.
- 3 or more Golden Book symbols on the reels award 10 Free Games with special expanding symbol.

#### RTP Range

- The theoretical RTP (return to player) value for this game is 95.00 %.
- The theoretical RTP is calculated as total win/total bet over a large number of games played and reflects the prizes awarded by a game as a percentage of all bets made. The actual RTP can vary widely in either direction for a small number of games due to statistical variance.

### Connection Loss

- In case you lose your network connection, the game will proceed to complete the current round of play automatically after a delay of 2 hours absence from the game.
- If you reconnect into the game earlier, you are able to continue playing the current round.
- This includes all settings such as number of lines and bet.
- If this round contains multiple spins (e.g. free games feature), the game will determine your winnings based on the game's expected win values.

Malfunction voids all pays and plays.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 2 hours will be completed and the corresponding prize, if any, will be deposited into the account.

## GAME FEATURES

### Lock & Spin Feature

- 6 or more Coin symbols appearing anywhere on the reels trigger the Lock & Spin Feature.
- The Lock & Spin Feature starts with 3 Free Spins.
- Free Spins are played using the same bet as the spin which triggered them.
- The Free Spins counter is reset back to 3 with each new Coin symbol appearing anywhere on the reels.
- All Coin symbols are locked in place until the end of the Feature.
- Coin symbols always appear on the reels with either a Prize or a number of Free Games on them.
- Free Spins are played in the Lock & Spin Feature while Free Games are played in the Free Games Feature. Free Spins and Free Games are played on two different reel sets.
- Any numeric value on a Coin symbol will be paid out at the end of the Lock & Spin Feature.
- "Major Jackpot" and "Super/Mega Bonus" Coin symbols appearing anywhere on the reels in the Lock & Spin Feature trigger the corresponding Jackpot or Bonus payout (at the end of the Lock & Spin Feature).
- "Super Bonus" Coin symbols grant 10 Free Games. "Mega Bonus" Coin symbols grant 25 Free Games. They do not change in accordance with the selected bet value.
- 15 Coins appearing on the reels during the Lock & Spin Feature trigger the "Grand Jackpot" and end the Feature immediately. All Prizes and Free Games are paid out in addition to the "Grand Jackpot".
- First the Prizes are collected and then the Free Games at the end of the Lock & Spin Feature. When the Lock & Spin Feature ends, the Free Games, if any, will be triggered.
- Any Base Game wins won on the same reel set as the Lock & Spin Feature trigger are part of the Feature game win.
- "Major Jackpot" and "Super/Mega Bonus" Coin symbols are different representations of the Coin symbol and substitute for it.
- Only Coin symbols appear during the Lock & Spin Feature.

### Free Games Feature

- The Free Games Feature is triggered if there is any amount of Free Games collected in the Free Games counter during the Lock & Spin Feature.
- 3 or more Golden Book symbols on the reels award 10 Free Games with special expanding symbol.
- Free Games are played using the same bet for the reel set as the spin which triggered them.
- At the beginning of the Free Games, one symbol is chosen at random as the special expanding symbol.
- This symbol will expand to cover all three positions on the reel, and pays like the regular symbol but even on non-adjacent positions and on all lines played (expanding is only triggered if enough symbols for a win are present).
- Free Games use a different reel set than the base game.
- No Wild and Coin symbols are present on the reels during the Free Games.

### Jackpots

- 0.95 % of every stake goes directly into the jackpots.
- The amount you are eligible to win will be shown in the jackpot bank.
- Each jackpot is the sum of its base win plus the contributions from all players to this jackpot.
- It is not possible for two players to win a jackpot simultaneously. In instances of apparent simultaneous wins, the games are time-stamped and the first player to trigger the win is awarded the jackpot.
- Subsequent players will win the reseeded jackpot, plus any new contributions.
- When some or all of a jackpot is won, it is reset to the base win for your stake, plus the current total contributions you are eligible to win.
- The jackpots are initially seeded at \$ 2 500.00 / \$ 15 000.00 (or the equivalent in your account currency if different). When a jackpot is won, it is reset to the seed value.
- There is no ceiling value for the jackpots.
- In case this game is withdrawn from our offer, your jackpot contribution will be transferred to other certified games with similar jackpots.

### Gambling

- With current bet it is possible to gamble any win up to 5 times with a maximum stake of \$ 500.00.
- For higher wins or during autoplay, gambling is not possible.
- Gambling is not possible after a jackpot win.
- The Free Game win can be gambled immediately after each Free Game played.
- Any Base Game wins won on the same reel set as the Lock & Spin Feature trigger are part of the Feature game win and cannot be gambled.
