After selecting the desired bet configuration, press **AUTO SPIN**, and choose how many spins to play at the current bet settings.

Auto Spin plays the specified number of spins until **STOP** is pressed, a bonus is triggered, the balance is insufficient to spin, or any enabled win/loss limit settings are reached.

Auto Spin is only available in approved jurisdictions.

MultiWay Xtra Feature

With the **MultiWay Xtra** feature, there are 1024 ways to win on every spin. **MultiWay Xtra** wins pay for matching symbols in any position in adjacent columns, starting from the leftmost column. More than 1 matching symbol in the same column multiplies the award. The Wild Symbol substitutes for all symbols except for the Scatter and Bonus Symbols. Only the highest paying **MultiWay Xtra** win for each symbol is paid per spin.

Example of a **MultiWay Xtra** payout:

The following diagram shows a sample reel outcome using the King Symbol. Because there is at least 1 King or Wild Symbol in each of the first 4 columns, the player has won the 4 King **MultiWay Xtra** win which pays 5 coins per way.

Payout example: 1 x 2 x 3 x 1 King Symbols = 6 winning ways:

Column 1	Column 2	Column 3	Column 4	Column 5
		Wild	King	
King		Wild		
	Wild	Wild		
	Wild			
1 King	2 Kings	3 Kings	1 King	

To determine the payout for this combination:

1. Count the number of King and Wild Symbols in each column.
2. Calculate the total number of winning ways ($1 \times 2 \times 3 \times 1 = 6$).
3. Multiply the number of ways by the 4 King Symbol win ($6 \times 5 = 30$). The win is 30 coins.

The actual amount won in currency is based on the coin value.

Symbol Replacement Feature

Each column includes large stacks of the same symbols. Before each spin, a symbol is randomly selected to fill every column's stacks.

In the base game, any symbol may appear in any stack, except the Wild, Wheel Bonus, and Free Games Symbols. Column 3 contains symbols that only transform into the Wheel Bonus or Free Games Symbols.

In the *Free Games Bonus*, any symbol may appear in any stack, except the Wild and Free Games Symbols.

Wheel Bonus

The *Wheel Bonus* is triggered when 2 or more Wheel Bonus Scatter Symbols appear in any position in column 3. 3 or 4 Wheel Bonus Symbols trigger the *Wheel Bonus* and pay a scatter win of 7x or 10x the total bet, respectively. The *Wheel Bonus* awards 1 spin of the *Big Wheel*. After the *Big Wheel* stops, the award indicated by an active wheel pointer is won. If an active wheel pointer indicates a prize value, that prize value multiplied by the coin value from the triggering game, is awarded, and the *Wheel Bonus* ends. If the active wheel pointer indicates a Frenzy wedge, the *Pointer Frenzy* feature is triggered. If an active wheel pointer indicates a Jackpot Bonus wedge, then the total bonus win is awarded, the *Wheel Bonus* ends and the *Jackpot Bonus* begins.

Pointer Frenzy Feature

The *Pointer Frenzy* feature is activated when an active wheel pointer indicates a Frenzy wedge during the *Wheel Bonus*. When a Frenzy wedge is indicated, it activates 2 to 6 extra wheel pointers. The awards indicated by all active wheel pointers plus the total bonus win are awarded, and the *Wheel Bonus* ends.

Jackpot Bonus

The *Jackpot Bonus* is activated when an active wheel pointer indicates a Jackpot Bonus wedge during the *Wheel Bonus*. When a Jackpot Bonus wedge is indicated, the player is awarded 1 spin of the *Jackpot Wheel*. After the wheel stops, the prize value indicated by the active pointer on the *Jackpot Wheel* is multiplied by the coin value and awarded, and then the *Jackpot Bonus* ends.

Jackpot Bonus is paid in addition to any wins in the *Wheel Bonus*.

Free Games Bonus

2 or more scattered Free Games Symbols in column 3 triggers the *Free Games Bonus*. 2, 3, or 4 Free Games Symbols in column 3 award 7, 10, or 20 free games respectively.

Free games are played automatically at the same coin value, and on the same lines and ways as the base game. The bonus ends when 0 free games remain or after 130 free games have been played. Different reels are used during the free games. The *Wheel Bonus* is not available during the *Free Games Bonus*.

At the start of each free game, the stacks of the symbols on the column transform into 1 of the symbols from the symbol set. All stacked symbol positions on all columns transform into the same symbol.

In this game, the wheel is a graphical animation for entertainment purposes only and does not represent an actual wheel. The chances of obtaining a specific segment are therefore not equiprobable.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.
