MATCH 3, 4 OR 5 SYMBOLS ACROSS ADJACENT REELS ON A VALID WIN LINE, STARTING WITH THE LEFTMOST REEL, TO ACHIEVE A WIN

WINNING LINES

All games are played with 20 win lines.
Wins can occur across any or all of the win lines.
Only the highest award is paid per winning combination.
Wins on different played lines are added.
All wins pay left to right across adjacent reels, except Bonus, starting from the leftmost reel.

WILD SYMBOLS

Wilds substitute for any symbols except the Bonus Symbol:

Wilds appear on reels 2, 3 and 4 in the base game and the Free Spins bonus. Upon landing, Wilds will always expand, covering the reel. Expanding Wilds replace the symbols they cover.

WORKER BEE

BONUS BOOST

During a reel spin the Worker Bee can fly across the reels, adding a number of bonus symbols to each reel

WIN REVEAL

After a losing reel spin the Worker Bee can fly onto the reels, highlighting a number of positions it lands on before transforming them all into the same symbol and revealing any wilds

BONUS SYMBOL

The Bonus Symbol is available on all reels in the base game.

3 or more Bonus Symbols landing anywhere in view will trigger the bonus.

3 in any position awards 10 Free Spins
4 in any position awards 15 Free Spins
5 in any position awards 20 Free Spins

FREE SPINS

A progressive trail will appear above the reels.

The Trail has 13 increments, including 4 stage modifiers.

Each stage removes lower paying symbols and awards additional Free Spins.

Queen Bee Symbol adds to the Trail and acts as an Expanding Wild.

Stage 1  removed from the reels and 5 additional Free Spins.

Stage 2  removed from the reels and 5 additional Free Spins.

Stage 3  removed from the reels and 5 additional Free Spins.

Stage 4  removed from the reels and 5 additional Free Spins.

SPIN CHANCE

Spin Chance is triggered automatically if the credit is reduced below the current price of play, yet is still greater than zero.

Spin Chance offers the player an opportunity to wager their remaining credit in an attempt at winning an additional spin at the current bet.

To play Spin Chance, select the 'PLAY' button to begin moving the pointer across the meter. Alternatively, select the 'NO THANKS' button to exit Spin Chance with the remaining credit.

If the pointer stops on the green segment, a spin at the current bet is awarded and plays automatically. If the pointer stops on the red segment, the player loses any remaining credit and exits to the base game.

The red and green segments are proportional to the amount of credit in relation to the current bet. The chance of winning a spin is determined by this ratio.

MAIN GAME CONTROLS

SPIN

Press to start playing at the current stake value.

STAKE

Pressing once will open stake window for you to adjust your stake amount.

 **SETTINGS**
Press to access game settings and game information.

 **GAME HISTORY** 
Press to see your play history.

  **SOUND**
Press to enable sound on/off.

SPACE BAR 
The SPACE BAR key on the keyboard can often be used as an alternative for pressing the primary on-screen button.

GENERAL INFORMATION

GAME RECOVERY

In the event of an unexpected interruption / termination of a real play game, the game will recover to the last known state.

STAKE INFORMATION

The minimum stake available is £0.20 per game. The maximum stake available is £200.00 per game.

PAYBACK INFORMATION

The player's odds of getting any particular outcome are always the same.

Any combination of wins in a single game is limited and will not exceed £250,000.00 excluding jackpots. It may not be possible to reach this limit in a single game from every stake configuration.

The theoretical average return to player (RTP) for this game is 95.00%.

The RTP reflects the theoretical return across a very large number of plays over an extended period of time, and represents the long-term expected payback of the game which has been calculated by an independent testing company, in accordance with the required regulations.

The outcome of any play during the game is pre-determined. Player choices do not affect the outcome of the game unless indicated.

Malfunction voids all pays and plays.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 35 days will be cancelled, and the corresponding bet will be refunded.

CERTIFICATION

The game complies with all relevant regulations and technical standards of the Gibraltar Gambling Commission, the Malta Gambling Commission and the Great Britain Gambling Commission.
