WIN LINES

All symbols pay from left to right on adjacent reels starting from the leftmost reel.

SPECIAL SYMBOLS AND FEATURES

SHAKERS AND PROMOTIONS

2 neon signs showing Cocktail and Multiplier promotions are placed above the reels. The promotions may change randomly on each spin and affect all Shaker scatters that land in the spin.

The Cocktail Promotion will show either a short or a tall glass. When it shows a short glass all Shaker scatters landing in the spin will turn into COCKTAIL WILDS, and if it shows a tall glass, they will turn into SUPER COCKTAIL WILD symbols, 1x3 in size, covering the whole reel.

The Multiplier Promotion will show a multiplier of x1, x2, x3, x5 or x10. If the multiplier is higher than x1 it will also be applied to all COCKTAIL WILDS that the Shaker transforms into. The multiplier applies to all win lines in which the Cocktail Wild with multiplier participates in.

In case several Cocktail Wilds with a multiplier participate in a win line, only one of the multipliers will be applied to the win.

PRETTY WOMAN

The Pretty Woman is a WILD symbol that is constantly present in the middle position of the 3rd reel.

The middle positions on the left and right sides of the Pretty Woman are framed with a yellow neon frame. Landing one of the men symbols in the frame triggers their respective feature.

SPORTSMAN BONUS

When a Sportsman symbol lands in the middle frame all Sportsman symbols present on the reels turn into WILDS and the one in the frame will also clone itself vertically.

BUSINESSMAN BONUS

Landing a Businessman symbol in the middle frame turns all Businessman symbols present on the reels into WILDS, holding an x3 WIN MULTIPLIER. The multiplier is applied to all win lines in which the Wild with multiplier participates in.

In case several Businessman Wilds participate in a win line only one of the multipliers is applied to the win. In case both a Businessman Wild with multiplier and a Cocktail Wild with multiplier participate in a win their multipliers are multiplied.

MUSICIAN BONUS

When a Musician symbol lands in the middle frame all Musician symbols present on the reels turn into WILDS.

If this does not result in a win, all WILDS on the reels are held and a RESPIN is triggered. The RESPINS continue until a win is formed. Any new WILDS that land in the RESPINS will also be held. Additionally, in the RESPINS the Cocktail Promotion will always show a tall glass and if there are any COCKTAIL WILDS, 1x1 in size, present on the reels they will turn into SUPER COCKTAIL WILDS, 1x3 in size. The Multiplier Promotion does not change throughout the RESPINS.

WILDS

WILDS substitute for all paying symbols and count as the symbol which forms the highest paying combination on a single win line.

FREE SPINS

Landing any 2 men symbols in the middle frame awards 10 FREE SPINS. Landing any 2 men symbols in the middle frame during Free Spins awards 10 additional spins.

In the bonus round the Cocktail Promotion always shows a tall glass.

General types of games

Check the pays menu in the game payable if you are not sure of the game type.

The values related to each symbol, shown either on the slot scene or on the dedicated Symbol Wins pages of the Pays menu, represent stake multipliers and not credits.

Winning combinations and payouts are made according to the Paytable.

If you are playing a Lines game, the prize value from one payline is equal to the total stake multiplied by the symbol multiplier advertised in the Paytable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payline, the largest win is paid. Each individual payline can pay only once per spin.

If you are playing a Ways or a Cluster game, the prize value from one way or winning cluster is equal to the payout advertised in the payable. Where multiple wins occur on multiple ways or clusters, the total win values are summed. If more than one win occurs on the same way or cluster, the largest win is paid.

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin. If you are playing a Scatter Pays game only the highest winning combination is paid per symbol.

Please be aware that each account allows only a single game to be played at any one time. Therefore, a game should not be played on more than one device, or multiple games on the same device simultaneously. Doing so may lead to various errors.

WITH PROGRESSIVES

Jackpot Game

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. Spin the jackpot wheel to determine which of the offered jackpot tiers will be won. The size of the segments on the jackpot wheel do not correlate to the odds of winning each jackpot tier represented. The chances of winning a jackpot increase in correlation with the size of the stake played. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

Progressive Jackpot

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling value and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

Time Jackpot

The time jackpot is a progressive jackpot which is guaranteed to pay out before a set date and time. The prize pot grows with the contributions from the stake of each spin on a jackpot game, and the closer the prize pot gets to the advertised guaranteed latest payout time, the greater the odds of winning it.

Odds increase up to 100% when the guaranteed latest payout time is reached. Once the jackpot has been won, a new time jackpot will be made available and the process repeats with a new deadline for the next guaranteed payout. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling but must be won before the date and time specified. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

Dynamic Jackpot Allocation

Only the first \$2 of a stake is eligible to win the time jackpot.

Stake amounts in excess of \$2 are contributed directly to the progressive jackpot.
