FULL GAME RULES

Zodiac is a 5 reel, 3 row video slot. The game is played with 10 bet lines (lines), orientated from left to right, starting from the outermost left.

The 'BONUS' symbol is a scatter symbol. 3 scatter symbols on reels 1, 3 & 5 will trigger up to 27 free spins of the bonus game.

The maximum payout of this slot machine is 5000x stake. Any wins in excess of this amount will instead be limited to this maximum payout. It is possible that the operator has configured a win cap which differs from the 5000x win cap. If this is the case, it will not be possible to reach the 5000x win cap. Please contact the operator for further information.

All wins multiplied by bet staked per line. Paylines are orientated to pay left to right.

SCATTER wins are multiplied by stake and pay when in view regardless of paylines.

Multiple wins across multiple paylines will be added together. SCATTER and payline wins will be added together.

JACKPOT

The 5000x jackpot is won by matching 5 Jackpot scatter symbols, with one on each of the reels.

FREE SPINS

The 'BONUS' symbol is a scatter symbol. 3 scatter symbols on reels 1, 3 & 5 will trigger up to 27 free spins of the bonus game. Each scatter symbol will award a number 1-9, and you will win the total value of the three combined as free spins.

The multiplier wheel will choose a multiplier before the free spins starts.

This multiplier will apply to every win during free spins.

Land 3 more 'BONUS' symbols during free spins to retrigger between 3 and 27 free spins.

The jackpot cannot be won during free spins.

DEMO PLAY

The Operator's Demo Mode games are a sample of the Play for Real version. They play with the exact same rules and random number generator. Demo Mode versions of games allow you to play for 'fun money' that has no financial value.

GAMING SYSTEM MALFUNCTION

The Operator reserves the right to withhold winnings and void wagers if a Player manipulates the games in a fraudulent manner or the Gaming System itself malfunctions.

The definition of such a malfunction extends to an error in the published odds or pay tables, or a game not working in accordance with its published rules.

The odds of winning the different multipliers are not proportional to the area of the sections on the mystic multiplier wheel.

Malfunction voids all plays and pays.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 24 hours will be completed and the corresponding prize, if any, will be deposited into the account.
