 Winning combinations are calculated by multiplying the payout as shown in the paytable by your bet.
 Total win amounts are shown for each winning spin.
 Any combination of wins in a single game is limited and will not exceed \$250,000.00.

Game Rules:

The Godfather is a 5x3, 10 line video slot featuring free spins and a hold & win bonus. It pays from left to right and all winning combinations must be on consecutive reels starting on the leftmost reel.

Wins with expanding symbols during free spins do not need to be on consecutive reels starting with the leftmost reel.

Bonus Symbol Rules:

The bonus symbol acts as both a wild symbol and a scatter symbol.

The bonus symbol substitutes for all other symbols except expanding symbols during free spins.

- 3 bonus symbols triggers 8 free spins, 1 expanding symbol and the hold & win bonus
 - 4 bonus symbols triggers 10 free spins, 1 expanding symbol and the hold & win bonus
 - 5 bonus symbols triggers 12 free spins, 1 expanding symbol and the hold & win bonus
- The bonus symbol pays anywhere on the reel.

Hold & Win Rules:

All symbols are removed from the screen except the bonus symbols.

Only the bonus symbols are involved in the Hold & Win Bonus.

The player starts the bonus with 3 respins.

Each empty symbol position spins independently.

Either a bonus symbol lands or the symbol position is left empty.

If no bonus symbols land in any of the empty symbol positions, the respin counter goes down by 1.

If a bonus symbol lands in any of the empty symbol positions, the respin counter is reset to 3.

Every bonus symbol that lands awards either a random win multiplier, 1 additional expanding symbol or 1 additional free spin.

The 1x, 2x, 3x, 4x, 5x, 8x or 10x win multipliers are awarded randomly.

The bonus ends when the player has no respins remaining or they have filled all empty positions with scatter symbols.

At the end of the bonus, all win multipliers are added together and collected.

The total sum of the win multipliers will be multiplied by the bet that triggered the bonus round.

At the end of the bonus, all additional free spins are added together and collected.

At the end of the bonus, all additional expanding symbols are added together and collected.

Expanding Symbol Rules:

When the Hold & Win Bonus is triggered, players are awarded 1 expanding symbol.

Players can win up to an additional 2 expanding symbols during the Hold & Win Bonus.

When the Hold & Win Bonus has ended, any expanded symbols are selected at random.

Any expanding symbols that land during free spins may expand to cover 3 positions on that reel.

The expanding symbols will only expand if part of a win.

Expanding symbols pay like regular symbols but they do not need to be on consecutive reels starting with the leftmost reel.

Any regular wins are paid before any expanding symbols expand.

The expanding symbol is not substituted by a bonus symbol.

Free Spins Rules:

After all expanding symbols have been selected, free spins begin.

Free spins can be retriggered.

- 3 bonus symbols awards 8 additional free spins and the hold & win bonus
- 4 bonus symbols awards 10 additional free spins and the hold & win bonus
- 5 bonus symbols awards 12 additional free spins and the hold & win bonus

Free spins rounds total bets are the same as the total bet placed before triggering the bonus.

The maximum sum of wins for a free spins round is 25,000x the bet value.

Free spins will end if the maximum sum of wins value is reached.

Players can buy free spins from the base game.

Buying free spins will also trigger the Hold & Win Bonus.
