Auto Spin Feature

Auto Spin plays the game automatically for a given number of spins at the current coin value and number of paylines selected.

For jurisdictions where Auto Spin is enabled: Select the number of auto spins, the loss limit, and the (optional) single win limit.

After selecting the desired bet configuration, press **AUTO SPIN**, and choose how many spins to play at the current bet settings.

Auto Spin plays the specified number of spins until **STOP** is pressed, a bonus is triggered, the balance is insufficient to spin, or any enabled win/loss limit settings are reached.

Auto Spin is only available in approved jurisdictions.

Jackpot Feature

On any spin in the base game, the *Jackpot* header may appear over any symbol except the Bonus symbol on any reel.

Symbols with a *Jackpot* header substitute for their respective symbols and pay a *Jackpot* win if appearing on 3 or more consecutive reels on any spin.

Jackpot wins are multiplied by coin value.

Only one *Jackpot* award may be paid per spin.

Jackpot wins are not available during *Lucky Lobster's Free Spins Bonus*.

Multiplier Feature

On any spin in the base game, a 5x multiplier may appear over a Buoy, Boat, Lighthouse, or Boathouse symbol. Or, a 3x multiplier may appear over a Buoy, Boathouse, or Lighthouse symbol.

When a multiplier is part of a line win, the line win is multiplied by the multiplier.

Multiplier symbols only appear on reel 3.

Bonus Trigger

On any spin in the base game, Bonus symbols can appear on reels 1, 2, or 3.

The bonus is triggered when 3 Bonus symbols are part of a payline win.

After triggering the bonus, a picker screen appears with two choices: *Lucky Larry's Buoy Bonus 2* or *Lucky Lobster's Free Spins Bonus*.

The picker awards 40x to 95x the coin value of the triggering spin.

At the end of the entire bonus, all wins in the bonus are multiplied by the number of lines that initially triggered the bonus.

Lucky Larry's Buoy Bonus 2

If *Lucky Larry's Buoy Bonus 2* is chosen after the bonus is triggered, three location choices are offered: Brazil, Australia, or Maine.

Once a location is selected, 2 to 4 buoy picks are awarded. Each buoy contains 2 to 4 lobsters that award 10x to 575x the coin value of the triggering spin or the golden lobster.

The golden lobster awards the *Octopus*, *Kangaroo*, or *Pelican Bonus*, depending on which location was picked at the start of the *Buoy Bonus*.

The *Buoy Bonus* ends and any additional bonus awards (*Octopus*, *Kangaroo*, or *Pelican Bonus*) begin when no lobsters remain.

Only one golden lobster bonus may be awarded per bonus trigger.

Golden Lobster Bonus

If the player picks a golden lobster during the *Buoy Bonus*, the *Octopus*, *Kangaroo*, or *Pelican Bonus* is awarded depending on the location picked when entering the bonus.

Australia's Kangaroo Bonus: Revealing a golden lobster in Australia awards the *Kangaroo Bonus*. Each kangaroo pays 50x to 250x the triggering coin value. Pick kangaroos until a chosen kangaroo reveals the Golden Lobster. The cumulative win values of all the selected kangaroos is awarded. The golden lobster pays 200x the triggering coin value.

Brazil's Octopus Bonus: Revealing the golden lobster in Brazil awards the *Octopus Bonus*. Each chest contains a multiplier ranging from 1x to 5x. Pick chests until the chest with the golden lobster is selected. The award is 200x the triggering coin value multiplied by the last multiplier picked from a chest before picking the golden lobster. If the golden lobster is picked on the first pick, the award is 200x the triggering coin value.

Maine's Pelican Bonus: Revealing the golden lobster in Maine awards the *Pelican Bonus*. Each pelican pays 160x to 625x the triggering coin value. After picking a pelican that doesn't contain the 625x award value, choose to accept the offered reward or to reject the offered reward and pick again. The *Pelican Bonus* ends when the 625x award is selected, when an offer is accepted, or when the award picked on the third pick is awarded automatically.

Lucky Lobster's Free Spins Bonus

If the *Lucky Lobster's Free Spins Bonus* is picked after triggering the bonus, 5 free spins with extra rich reels are awarded.

Three Bonus symbols appearing on a payline win during the *Free Spins Bonus* award 5 additional free spins. The bonus can be retriggered multiple times, up to a maximum of 240 free spins per bonus.

There is no *Jackpot* feature or *Multiplier* feature in the *Free Spins Bonus*.

Free spins are played at the same coin value as the triggering spin.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value. Coinciding line wins on different paylines are added.

The prizes are paid in accordance with the payout table available on the game interface.

Jackpot wins are independent from line wins and are added to the total amount paid.

Bonus wins are independent from line wins and are added to the total amount paid.

Bonus symbol appears on reels 1, 2, and 3 only. Triggering the bonus on multiple lines multiplies the cumulative wins from the bonus by the number of triggering lines.

Wins are shown in currency.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

Additional Information

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of spins by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
