Blast™

The Blast™ component consists of two parts: the pre-game with the wheel and the spins awarded. Every time you spin the wheel there is a chance you land in the winning position.

If you win in the pre-game, you play out 4 spins on a 5x5, where any Wild that lands is Sticky.

If you lose in the pre-game, there's a 50/50 chance that the win portion of the wheel will increase in size. This 50/50 chance is checked after every losing spin.

Blast™

There are 3 tiers of Blast™, each with its own difficulty and set of symbols removed from the reels – you choose how difficult you want the game to be.
