Cherry Bonus

Whenever a Seven symbol appears on a winning payline, the *Cherry Bonus* progressive amount increases by the number of Seven symbols on the payline times the line bet. Each time a 5-of-a-kind Cherry line win occurs, a single cherry is highlighted in the *Cherry Bonus* meter. Highlight all 5 cherries in the meter to win the progressive. The *Cherry Bonus* progressive is paid in addition to the 5-of-a-kind Cherry line win.

The *Cherry Bonus* progressive is saved across game sessions.

The *Cherry Bonus* meter will only increase up to the jurisdiction award cap. Any contribution above that amount is stored in an escrow account. When the *Cherry Bonus* progressive is awarded, the *Cherry Bonus* meter will reset to the amount in escrow, up to the jurisdiction award cap, and that amount will be deducted from the escrow account.

Crown Bonus

The *Crown Bonus* is triggered when three or more Crown scatter symbols appear on consecutive reels.

Number of Crown Symbols	Free Spins Awarded
3	3
4	5
5	10

Every free spin is a guaranteed winner!

During the *Crown Bonus*, the bonus can be retrigged when three or more Crown scatter symbols appear on consecutive reels.

Number of Crown Symbols	Additional Free Spins Awarded
3	3
4	5
5	10

The bonus can be retriggered multiple times, up to a maximum of 300 free spins per bonus. If the number of free spins awarded is greater than 290 and the trigger combination appears again, only the scatter win is paid and additional spins are not awarded.

Free spins are played at same line bet and same number of paylines as the triggering spin.

Rules

Misuse or malfunction voids all pays and plays.

Line wins pay left to right or right to left. All line win symbols must appear on a played line and on consecutive reels, beginning with either the far left or the far right reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

Only the highest scatter win is paid. Scatter wins are multiplied by the total bet.

Scatter wins are independent from line wins and are added to the total amount paid.

Bonus wins are independent from line wins and are added to the total amount paid.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of the *Free Spins Bonus* or the *Cherry Bonus*, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

Additional Information

In addition to the features described in the How to Bet section, the Controls Bar on the bottom of the game screen displays the current balance in the chosen currency, the amount paid if a win occurs, and the amount bet on the last/current proposition.

Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My History. Any amount wagered on an unfinished spin will remain paused until you either complete the game or the game is void as a result of account inactivity or system maintenance. When an unfinished spin is void, your bet will be refunded to your account. Any awards earned on an unfinished spin/bonus feature will not be credited unless you resume and complete the game.

Return to player

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the long-term theoretically expected payback is 94.1 %.
