BASE GAME

Minimum bet is 88 credits. All wins are shown in currency except credit prizes. The chance of winning GRAND, MAJOR, MINOR and MINI will change with the credits bet. The chance of triggering the Jackpot Feature will change when a change of wager results in a new game. The chance of MINOR COIN and MINI COIN appearing will change when a change of wager results in a new game. Malfunction voids all pays and plays. The prizes are paid in accordance with the payout table available on the game interface. A player cannot influence the result of a game by stopping the reel spins. Player is responsible for ensuring correct credits are registered before play. The game display does not indicate how close you were to winning, and cannot necessarily be used to determine your chances of winning or losing if you continue to play. During the primary game, when the 1st reel contains ENVELOPE, the 2nd reel without ENVELOPE may be nudged to trigger the coin feature or symbol wins and all wins will be paid after the nudge. The nudge will never reduce the value of the total screen win. Any game in progress for more than 25 days will be cancelled, and the corresponding bet will be refunded. The expected return for this game is 96,32%.

When an ENVELOPE appears on reels 1 or 2, the jackpot feature may randomly be triggered. If the jackpot feature is triggered, select an ENVELOPE from the 30 available ENVELOPE. Continue selecting until one of the four jackpot options, as listed below, has been revealed:

- 6 GRAND awards the GRAND jackpot and the jackpot feature ends.
- 5 MAJOR awards the MAJOR jackpot and the jackpot feature ends.
