Free Spins Bonus

When the *Free Spins Bonus* is triggered (by getting 3, 4, or 5 ***The Big Easy*** symbols on consecutive reels), the player is taken to a two-part picker screen. First, the player need to choose a Jazz Club to determine the number of free spins awarded. Then need to choose an Instrument to determine wins multiplier for the duration of the bonus.

The number of free spins and the range of multipliers offered depends on the amount of ***The Big Easy*** symbols that triggered the bonus, and is presented in the table below:

Number of Bonus Symbols	Number of spins	Multipliers
3 Bonus Symbols	8, 10, or 15 free spins	2x, 3x, or 4x multiplier
4 Bonus Symbols	16, 18, or 20 free spins	5x, 6x, or 10x multiplier
5 Bonus Symbols	22, 24, or 25 free spins	7x, 8x, or 10x multiplier

After the player completes both picks, the *Free Spins Bonus* plays out automatically

until the awarded number of free spins are complete.

During free spins, no funds are wagered, but the player is still eligible for the same wins possible during the base game. All reel sets, symbols, and animations are the same as in the base game.

The Free Spins Bonus can be retrigged multiple times. Maximum number of free spins is 525. If the number of free spins awarded is greater than 500 and the trigger combination appears again no more free spins will be awarded.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

A scatter win is awarded when 3, 4, or 5 **Moon** symbols appear anywhere on the reels. When triggered, all onscreen Moon symbols animate and display text reading "**SCATTER**". The Moon scatter symbol does NOT trigger the bonus.

Only the highest scatter win is paid per scatter symbol. Scatter wins are multiplied by 4x, 11x, or 20x the total bet.

Bonus wins and scatter wins are independent from line wins and are also added to the total amount paid.

Wild symbol substitutes for all symbols except the Scatter symbol.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

Regardless of bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of *the Free Spins Bonus*, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

Additional Information

In addition to the features described in the How to Bet section, the Controls Bar on the bottom of the game screen displays the current balance in the chosen currency, the amount paid if a win occurs, and the amount bet on the last/current proposition.

Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game or the game is void as a result of account inactivity or system maintenance. When an unfinished spin is void, your bet will be refunded to your account. Any awards earned on an unfinished spin/bonus feature will not be credited unless you resume and complete the game.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

Game History

The result of a completed game may be viewed in My History immediately after closing the game window. Results of unfinished games are not displayed in My History.

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the long-term theoretically expected payback is 92.15% to 96.16%. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
