

## ***Icy Wilds***

Join the Ice Princess as you seek out the frozen riches of the wintry forest in ***Icy Wilds***. Wins are sure to pile up from the Wilds feature. Whenever a full stack of the same symbol appears on a reel, that reel becomes wild on the next spin! The wins are even more bracing when the Free Spins Bonus is triggered: win up to 45 free spins, depending on the number of Bonus symbols that appear on the reels!

## **Synchronised Reels Feature**

Each reel in ***Icy Wilds*** includes large stacks of the same symbol. Before each spin, a reel set with one of the stacked symbols is randomly selected. Any symbol may appear in any stack, except the Bonus scatter symbol which already appears stacked on each reel. The same symbol may appear in large stacks on multiple reels on the same spin. When the same symbol appears in the stacks on adjacent reels, the potential for big wins increases.

## **Wilds Feature**

A full stack of Crowns, Rings, Hearts, Snow Leopards, Snow Owls or Ermines triggers the *Wilds* feature and turns an entire reel Wild for the next spin with the same line bet. In the Free Spins Bonus, the *Wilds* feature is even richer and more plentiful.

## **Free Spins Bonus**

The Free Spins Bonus is triggered by three or more scattered Bonus symbols appearing anywhere on three or more different reels.

Triggering the Free Spins Bonus awards 10 to 45 free spins, depending on the number of Bonus symbols that appear in the triggering combination. The reels in the Free Spins Bonus have a richer, more plentiful Wilds feature than the base game reels.

The Free Spins Bonus is retriggered when three or more Bonus symbols appear anywhere on three or more different reels. The bonus can be retriggered multiple times, up to a maximum of 250 free spins per bonus.

Free spins are played at the same line bet and the same number of paylines as the triggering game.

## **Rules**

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the line bet on the winning line.

Coinciding line wins on different paylines are added.

Princess symbol combinations are paid for adjacent symbols.

The highest Princess symbol combination on each payline is paid, even if the combination does not start with the left most reel.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details. A transaction includes the results of the Free Spins Bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

In addition to the features described in the How to Bet section, the Controls Bar on the bottom of the game screen displays the current balance in the chosen currency, the amount paid if a win occurs, and the amount bet on the last/current proposition.

## **Additional Information**

In addition to the features described in the How to Bet section, the Controls Bar on the bottom of the game screen displays the current balance in the chosen currency, the amount paid if a win occurs, and the amount bet on the last/current proposition.

## Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game or the game is void as a result of account inactivity or system maintenance. When an unfinished spin is void, your bet will be refunded to your account. Any awards earned on an unfinished spin/bonus feature will not be credited unless you resume and complete the game.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

## Game History

The result of a completed game may be viewed in My History immediately after closing the game window. Results of unfinished games are not displayed in My History.

## Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent. The odds of getting any particular outcome are always the same. The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the long-term theoretically expected payback is 96.15%. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
