Rules

Misuse or malfunction voids all pays and plays.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel or the far-right reel.

Line wins pay left to right or right to left, but only the highest paying symbol win on any line is paid per spin. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

Bonus wins are independent from line wins and are added to the total amount paid.

Wild Symbol appears in the *Free Spins Bonus* only.

Wins are shown in currency.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the payable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.
