

## **Big Piggy Bonus**

### **How to Play**

Match 3, 4, 5 or 6 symbols across adjacent reels on a valid win line, starting with the leftmost reel to achieve a win.

### **Win Lines**

All games are played with 50-win lines.

Wins can occur across any or all the win lines.

Only the highest award is paid per winning combination.

All wins pay left to right across adjacent reels, except Bonus, starting from the leftmost reel.

Wins of different played lines are added.

### **Wild Symbol**

The pig with the top hat and moustache is the Wild symbol.

It substitutes all symbols, except the Bonus Scatter.

Wilds appear on all reels in the base game and on reels two, three, four, five and six in the Free Spins Bonus.

During Free Spins, any Wild in view will lock in place until the bonus is completed.

### **Free Spins**

Landing three or more bonus scatters in view triggers the Free Spins bonus.

A Pick Me feature will then be presented, each scatter that lands transforms into a Pick Me option.

Behind each Pick Me is a multiplier. This value will become the threshold at which the Free Spins will exit.

The values the windows can contain are 20x, 25x, 30x, 50x and 100x.

The probability of each different win multiplier being awarded in the bonus feature is not necessarily proportionate to the number of options on offer.

Once a value has been selected Free Spins will begin.

The Free Spins will continue until a win which is greater than or equal to the value picked, is achieved.

During Free Spins any Wild symbol that lands in view will lock in place and remain in that position until Free Spins have ended.
