Features

This game features Wilds, Freespins, Expanding Symbols and Scatter symbols.

All special (scatter) symbols substitute for any basic symbols and pay as the highest win on any winline.

The Freespins Feature is achieved via Scatter symbols which do not need to be on winlines to activate the feature.

During Freespins a Non Special Symbol is randomly selected by the Freespins Feature to become the Special Expanding Symbol.

The Selected Symbol will appear during freespins with a border to clearly identify this as the Special Expanding Symbol.

During Freespins getting enough Scatter Symbols, as described in the pay table, to trigger freespins will award additional freespins.

After normal winlines are calculated any of the Special Expanding symbols that appear on the reels expand to cover their respective reel.

If there are not enough Special Expanding Symbols to generate a win, as described in the pay table, then the Special Expanding animation will be skipped.

The Special Expanding Symbol counts as a winline scatter and will pay if they appear anywhere along an active winline.
