WONDER WHIRL™ Bonus Feature

WONDER WHIRL™ Feature consists of up to 4 Wheel spins with multiple possible outcomes.

The feature is initiated by landing 3 scattered  symbols in base game.

Each wheel spin draws a result, consisting of one of the awards presented on the outer wheel and a multiplier presented on the inner wheel.

The player can either accept or reject the results of the first 3 Wheel spins. The fourth spin is final and its outcome cannot be rejected.

Possible outer wheel outcomes:

- Major Jackpot
- Minor Jackpot
- 12 Free Spins
- 10 Free Spins
- 8 Free Spins
- 5 Free Spins

Possible inner wheel outcomes:

- 2x multiplier
- 3x multiplier
- 5x multiplier

Accepting the result with Major Jackpot or Minor Jackpot on the outer wheel awards the applicable Jackpot instantly, multiplied by the multiplier hit on the inner wheel.

Accepting the result with 5, 8, 10 or 12 Free Spins on the outer wheel awards the applicable number of Free Spins. All line wins in Free Spins Feature are multiplied by the multiplier hit on the inner wheel.

Wonder Whirl Feature ends once the accepted Free Spins are completed or the accepted Minor or Major Jackpot is awarded.

If the Wonder Whirl Feature is triggered while Autoplay is in progress, each decision to spin the wheel again or to accept an offer is made automatically, unless 'stop on any feature' autoplay option is enabled.

In such case, the decision is made according to the optimal play suggestion, which happens after around 10 seconds from showing the decision choice.

Free Spins Feature

Free Spins consist of 5, 8, 10 or 12 individual spins of 3-reel, 3-row reels using an alternative reel set.

Free Spins can be initiated during the Wonder Whirl Feature only.

Free Spins payable is the same as for the base game.

Free Spins are played on the same 27 lines as the base game.

Grand Jackpot is not multiplied by the multiplier accepted during the initiating Wonder Whirl Feature.

All the Free Spins Feature wins are summed up and awarded at the end of the feature.

Free Spins Feature ends once all awarded spins are completed.

Strategy information

The game includes player choices in the Wonder Whirl feature.

First 3 Wheel spins allow the player to accept the outcome or spin the wheel again.

The optimal gameplay strategy is to follow the suggestions provided by the game after each Wheel spin.

Based on the spin outcome, the game evaluates whether the offer provides an optimal chance for the highest feature win.

The suggestion is based on average result of particular Wheel outcome and does not guarantee the best possible result.

Every several seconds, prior to the Wheel spin, the game shows a suggestion while waiting for the player's decision:

"BEST PLAY SAYS: TRY AGAIN" - rejecting the offer is recommended.

"BEST PLAY SAYS: TAKE OFFER" - accepting the offer is recommended.

The outcome of each Free Spin with multipliers is random, except for the Major Jackpot and Minor Jackpot, whose values are fixed and multiplied by the drawn multiplier.

Jackpots

WONDER WHIRL™ features Grand Jackpot, Major Jackpot and Minor Jackpot.

All Jackpots are non-progressive.

Jackpot values:

Minor = 20 x base bet

Major = 50 x base bet

Grand = 1000 x base bet

The Grand Jackpot is awarded when 🍷 symbols land on all 9 reel positions in play in a single spin.

The Grand Jackpot can be hit in base game and in the Free Spins Feature.

The Major Jackpot and Minor Jackpot can be awarded only during the **WONDER WHIRL™** Bonus feature.

Both the Major and Minor Jackpots are always multiplied by a 2x, 3x or 5x multiplier drawn during the Wonder Whirl Feature.
