Reveal 3  symbols to activate the MAJOR JACKPOT BONUS game.

In both the MAJOR and MINOR JACKPOT BONUS game, the game starts with a grid of 15 non-winning blocks and 3 GOES on the counter.

Each time GO is pressed a new set of blocks drops onto the game board and the number of GOES reduces by 1 (if AUTO PLAY is pressed the GOES will happen automatically after each other).

Blocks that enter the board can either be non-winning blocks

blocks.

If any Gold Star blocks are revealed, they stick in that position on the game board and the number of GOES resets to 3. Irrespective of the quantity of Gold Star blocks revealed in a single GO, the GOES will always reset to 3.

On the next GO, new blocks will enter the board filling the spaces vacated by dropping non-winning blocks from the previous GO. Gold Star blocks from the previous GO remain on the board in the same position.

The game continues until the GOES counter gets to 0 (which occurs after 3 drops in a row with no new Gold Star blocks added in those drops) or when the entire board is filled with Gold Star blocks.

Each time a Gold Star blocks is revealed a segment on the prize meter is filled.

Once the game has ended the player is awarded the one prize shown as highlighted on the prize meter around the edge of the board. The player is awarded the one single highlighted prize, and not any other prizes below the highlighted prize on the prize meter.

In the MINOR JACKPOT Game - If the player collects enough Gold Star symbols to highlight the JACKPOT segment on the prize table, the player is awarded the MINOR JACKPOT prize amount. Only the MINOR JACKPOT prize is awarded to the player.

In the MAJOR JACKPOT Game - If the player collects enough Gold Star symbols to highlight the JACKPOT segment on the prize table. the player is awarded the MAJOR JACKPOT prize amount. Only the MAJOR JACKPOT prize is awarded to the player.
