## BONUS : WILD

A  is locked in the 4 center reels for each initial spin of the Free Games Bonus

and counts as a single .

 is wild and substitutes for all symbols.

The Center locked

substitutes for a single

symbol.

appears only in the 4 center and 4 corner reels.

## BONUS : RACKING UP RICHES FEATURE

When a winning combination is formed from a cluster of 5 or more symbols, new reels will continue to spin as long as winning combinations are formed. Upon the first win, the matrix collapses into the center 4 reels and the highest paying win combination is subject to increase upon the next respin. If any new symbols connect to the center symbol in the adjacent positions or a new win is formed, this process repeats.

If the active win doesn't increase in size and a new win (at least 5-of-a-kind) is formed with another symbol, then the active win pays out before the new winning symbol. The active win and the game continues, with the new active win collapsing into the center position and other 12 positions respinning.

If the active win increases in size and a new win (at least 5-of-a-kind) is also formed with another symbol, then the larger of-a-kind win will become or remain the active symbol, continuing the respin process while the smaller of-a-kind win pays out immediately. In the case that there is a tie in the of-a-kind size of both wins, then the higher value win becomes or remains the active symbol.

Winning combinations are awarded only after all respins have ceased.

The initial spin consists of 13 independent reels, subsequent respins consist of 12 independent reels.

For additional information on any win, click on the  to view formed wins.
