## HOW TO PLAY

To place a bet, click on the area on the betting cloth, or racetrack, with your desired chip value selected. It is possible to mix chip values on the same bet. Once you're happy with all the bets placed, click the SPIN button to commence the spin. You will be transitioned to the wheel view to view the spin and subsequent result. To win, following a spin the ball must come to rest on a number that is covered by one or more of your bets.
