## GAME RULES

### FIXED MULTIPLIER SYMBOLS

The UltraViolet 2X symbol appears only on reel 3 and is wild for non-UltraViolet symbols multiplying 2X winning combinations. The UltraViolet 3X symbol appears only on reel 2 and is wild for non-UltraViolet symbols multiplying 3X winning combinations. The UltraViolet 5X symbol appears only on reel 1 and is wild for non-UltraViolet symbols multiplying 5X winning combinations. The UltraViolet 10X symbol appears only on reel 1 and is wild for non-UltraViolet symbols multiplying 10X winning combinations. A winning combination consisting of only multipliers will award payable values and not multiply. A combination of two multipliers on a winning payline with Bars or Sevens are multiplicative (a payline with a combining 5X and 3X forms a 15X winning combination). Fixed Multiplier Symbols landing on all 3 reels and any active payline awards the Jackpot prizes (see payable). 30X is the max multiplier awarded.

### RESPIN BONUS

The Respin Bonus is triggered randomly by certain winning spins. Reels may spin up to 9 additional times, paying different winning combinations. Each respin awards prizes equal to or more than the previous respin. Reels are weighted differently during Respin Bonus.
