SPECIAL SYMBOLS AND FEATURES

DEVIL WILD

The DEVIL WILD substitutes for all paying symbols but it may only land on the central position of the middle reel. If the Devil lands together with BONUS PRIZES and/or DEVIL COINS in the same spin it awards their combined prize. In the normal game if the Devil does not appear initially, the central position may randomly respin to land a Devil.

DEVIL COINS

Each DEVIL COIN scatter holds a stake multiplier prize of 0.5x, 1x or 2x. The prizes are only awarded when the DEVIL WILD lands together with DEVIL COINS and unlocks them. Prizes from multiple coins are added up.

BONUS PRIZES

There are 4 types of bonuses in the game, each holding a stake multiplier prize. The bonuses and their prizes are:
Mini Bonus: 5x
Minor Bonus: 10x
Major Bonus: 75x
Mega Bonus: 1000x
Whenever a BONUS PRIZE scatter of any type lands together with the Devil the corresponding bonus is awarded. If multiple BONUS PRIZE scatters land, their prizes are added up.
If the Devil has landed on the central symbol position, up to 7 other symbol positions may respin to land a Bonus scatter.

FREE SPINS

Each time the Devil lands he throws fireballs at one or both of the chests above the reels. Whenever this happens there is a chance that one or both of the chests will randomly activate to trigger FREE SPINS.
If only one chest activates, 6 FREE SPINS are awarded. If both chests activate, 12 FREE SPINS are awarded.
During the BONUS ROUND the Devil stays locked on his position on the grid and throws fireballs at the chests on each spin for a chance to retrigger with the same conditions.

General types of games

Check the pays menu in the game payable if you are not sure of the game type.

The values related to each symbol, shown either on the slot scene or on the dedicated Symbol Wins pages of the Pays menu, represent stake multipliers and not credits.

Winning combinations and payouts are made according to the Paytable.

If you are playing a Lines game, the prize value from one payline is equal to the total stake multiplied by the symbol multiplier advertised in the Paytable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payline, the largest win is paid. Each individual payline can pay only once per spin.

If you are playing a Ways or a Cluster game, the prize value from one way or winning cluster is equal to the payout advertised in the payable. Where multiple wins occur on multiple ways or clusters, the total win values are summed. If more than one win occurs on the same way or cluster, the largest win is paid.

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin.
If you are playing a Scatter Pays game only the highest winning combination is paid per symbol.

WITH PROGRESSIVES

Jackpot Game

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. Spin the jackpot wheel to determine which of the offered jackpot tiers will be won. The size of the segments on the jackpot wheel do not correlate to the odds of winning each jackpot tier represented. The chances of winning a jackpot increase in correlation with the size of the stake played. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

Progressive Jackpot

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling value and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

Time Jackpot

The time jackpot is a progressive jackpot which is guaranteed to pay out before a set date and time. The prize pot grows with the contributions from the stake of each spin on a jackpot game, and the closer the prize pot gets to the advertised guaranteed latest payout time, the greater the odds of winning it.

Odds increase up to 100% when the guaranteed latest payout time is reached. Once the jackpot has been won, a new time jackpot will be made available and the process repeats with a new deadline for the next guaranteed payout. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling but must be won before the date and time specified. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

Dynamic Jackpot Allocation

Only the first \$2 of a stake is eligible to win the time jackpot.

Stake amounts in excess of \$2 are contributed directly to the progressive jackpot.
