Game Theme and Graphics

These natural forces move whole reel sets: Poseidon, god of the sea, is now mixing up your winnings! Move the stormy ocean across 5 reels and 20 lines and set a roaring wave of winnings in motion with the power of the gods. Poseidon's trident supplements your combinations as the joker and, with a little luck, will fish you even more out of the water! Many features redefine the order on the new reels and work together with the free games to ensure a flood on winnings on your player account.

Main Game

Your aim is to land 5 identical symbols along one of the 20 win lines. Winning combinations start on the first reel on the left and run along an active win line to the last reel on the right in the regular game. To win, the symbols must lie next to each other without any other symbols between them. The Trident substitutes all symbols except the Scatter. 3 Scatter symbols ('Free Spins') on reels 1, 3 and 5 win 5 free spins.

Compass Feature

After each win, the compass rotates and the reels step in the direction indicated. If this step leads to a further win, the reels keep moving step by step in the same direction until no new win is achieved.

Poseidon Bonus

After a spin you can win one of four bonuses:

- **Win Spin:** After a spin (in which no win is achieved) the reels spin into a different position, which gives a win.
- **Reel Morph:** After a spin (in which no win is achieved) the symbols on the reels disappear and new symbols appear that trigger a win.
- **Reverse Step:** After you land a win (and all other steps are completed), the reels gradually run in the opposite direction until no further wins are achieved.
- **Bonus Win:** After a spin, there is a random bonus win.

The compass feature is also active during the 4 bonus games.

Free Games

3 or more 'Free Spins' symbols anywhere on the reels 1, 3 and 5 win 5 free spins with super symbol groups. Super-symbol groups are groups of additional top 5 symbols on the reels that increase your chances of winning! Your current bet level in the normal game is also used in the free games, the Compass is active and you can win more free games with 3 or more 'Free Spins' symbols.
