

# **BLAZING X ASIA**

## **HOW TO PLAY**

### **BLAZING X MULTIPLIER**

- The WILD symbol on reel 3 will trigger the Blazing X multiplier.
- If the WILD symbol lands anywhere on reel 3, the symbol will move to fill all 5 positions before the reels are evaluated for wins.

- On landing the WILD symbol, the game will increase the multiplier amount displayed on the left of the reels.
- The multiplier starts at 1x and will initially increase to 2x, and can increase up to 25x. The multiplier will increase in the following order:
  - 1x > 2x > 3x > 5x > 10x > 25x
- All winnings earned will be multiplied by the multiplier amount shown until the multiplier resets.
- Once the multiplier has increased past 1x, the player will have 3 wagers to land another WILD symbol before the multiplier resets to 1x.
- The amount of wagers remaining until the multiplier resets can be seen on the right of the reels.
- If a WILD symbol lands on the reels while the multiplier is at 25x, the multiplier will not increase any further, but the amount of wagers remaining will reset back to 3.
- Changing the wager will reset the Blazing X multiplier to 1x and the chances remaining to 0.
  - Wild symbol substitutes for all symbols except the dragon symbol.
- Wild symbol will only appear on reel 3 for both base game and free spins.

## **FREE SPINS**

- Dragon symbols are Scatter symbols.
- Dragon symbols appear on reels 2, 3 and 4. If a dragon symbol lands on all 3 in a single spin, the player will be awarded 10 free games. In addition, the player is awarded 2x their stake multiplied by any Blazing X multiplier they may have.
- Dragon symbols only appear on the reels in base game, and will not appear during free spins.

## **BLAZING X MULTIPLIER**

- When free spins is triggered, the current multiplier earned will carry into free spins.
- The multiplier can still be increased in free spins by landing a WILD symbol on reel 3.
- The multiplier cannot be reset in free spins and will persist until free spins ends.
- On returning to base game, the multiplier will reset back to the multiplier amount that the player had before entering free spins.
- Free spins use the same awards and win lines as the triggering game.
  - Scatter wins are paid in addition to win lines.
