Wheelmobile Wilds Feature

The *Wheelmobile Wilds* feature can be triggered for any base game reel outcome that does not contain a Bonus symbol on the first reel.

When the *Wheelmobile Wilds* feature is triggered, 1 to 4 types of any symbol, except for Wild or Bonus symbols, are randomly chosen, the *Wheel of Fortune® Wheelmobile* drives by and all occurrences of the chosen types are replaced with Wilds.

Level Up Plus Feature

Earn 1 fuel point from each Bonus scatter symbol that lands anywhere on the reels during the base game

Every 10 fuel points collected awards 1 fuel tank.

3 Bonus scatter symbols appearing anywhere on reels 1, 3, and 5 trigger the *On Tour Bonus* and fill the fuel gauge completely, awarding 1 fuel tank.

When the *On Tour Bonus* starts, each fuel tank is depleted to move the *Wheelmobile* along the map. One fuel tank moves one stop on the map.

The fuel tanks earned and the *Wheelmobile's* progress on the map persist across play sessions and carry over from game to game.

The fuel gauge, visible in the top right corner of the base game, shows the current fuel amount, earned fuel tanks and the current Level. Each level corresponds to a stop on the map.

Clicking on the map icon in the top left corner opens up the map.

When the *Wheelmobile* lands on a bonus slice icon on the map, the respective bonus unlocks. See the payable for the unlock thresholds. The more slices unlocked the higher the payback!

On Tour Bonus

The *On Tour Bonus* is triggered when three Bonus scatter symbols appear anywhere on reels 1, 3, and 5.

Wins awarded in the *On Tour Bonus* are multiplied by the coin value on the reel spin that triggered the bonus.

First, the *Wheel of Fortune*® *Wheelmobile* moves the number of map spots equal to the fuel tanks earned in the base game.

Different bonus features are unlocked when the *Wheelmobile* lands on them on the map.

After the *Wheelmobile* has moved its allotted distance, spin the On Tour Bonus wheel.

The bonus wheel is populated with award values and all of the unlocked bonus slices.

Free Play Free Spins Bonus

Three free spins are awarded for this bonus.

During the first free spin, all instances of 1 randomly chosen symbol are transformed into a Wild symbol.

During the second free spin, all instances of 1 new symbol, in addition to the symbol from the first spin, are transformed into a Wild symbol.

During the third free spin, all instances of 1 new symbol, in addition to the symbols from the first two spins, are transformed into a Wild symbol.

Free spins are played at same coin value and same number of paylines as the triggering spin.

It is not possible to retrigger the free spins.

Letter Board Picker

3 picks are awarded and the multiplier value is set to 1 at the start of this bonus.

Pick a letter in the phrase "**WHEEL OF FORTUNE**®" to reveal either an award value from 50 to 500, a +1 pick/+1x multiplier tile, or a +1 pick/50 tile. Revealing either +1 pick/+1 multiplier or +1 pick/50 tile increases the remaining picks by 1. Revealing a +1 pick/+1x multiplier increases the bonus multiplier by 1x.

It is possible to win up to 10 picks with a 5x multiplier.

At the end, the bonus awards the sum of the revealed values multiplied by the triggering coin value and multiplied by the multiplier value.

Spin to Win Bonus

At the start of this bonus, select one letter from the word "WHEEL" to reveal the top award for the bonus. The top award can be from 1500 to 20000.

After making a selection, press the spin button to spin the Spin to Win wheel. Choose to accept (and end the bonus) or reject the wheel's indicated value. The top award is automatically accepted and ends the bonus.

If a value is rejected it is replaced on the wheel with a 50 value slice and the wheel is spun again. If the wheel stops on the 50 value slice, it is automatically accepted and the bonus ends.

Bonus awards are multiplied by the triggering coin value. The payback for this bonus varies based on player choices.

When the top award is 2000, the optimal strategy is to reject all offers except when landing on the 500 slice on the 4th or 5th offer.

When the top award is 1500, the optimal strategy is to reject all offers except when landing on the 500 slice on the 2nd through the 5th offers.

For all other top awards, the optimal strategy is to reject all offers.

The *Spin to Win* wheel is evenly-weighted.

Bonus Trigger Boost

This mystery feature randomly offers a second chance at triggering the *On Tour Bonus* if at least one Bonus symbol is displayed on reel 3 and/or reel 5, but no Bonus symbol is displayed on reel 1. Because the traditional 3-symbol On Tour Bonus trigger is still in effect after the *Bonus Trigger Boost* is unlocked, this mystery feature increases the overall odds of triggering the *On Tour Bonus* for players who have unlocked it.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

Bonus wins are independent from line wins and are added to the total amount paid.

Bonus scatter symbol appears on reels 1, 3, and 5 only in the base game.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the payable for details. A transaction includes the results of any triggered bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

Additional Information

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
