

## ***Crystal Magic™***

*Crystal Magic* is a crystal-themed game featuring a red-haired young beauty who offers the magical powers of crystals to bring potential luck and good fortune. This game delivers everything you'll love – 50 lines, two bonuses, free games, a hold-and-spin feature, and a multi-level jackpot.

This game is a 4x5 configuration with 50 lines. The free games feature is triggered when there is a five-of-a-kind line win and the red-haired beauty fills up reel 5. The hold-and-spin feature is triggered when there are three or more scattered beauty symbols during base-game play. The free games bonus delivers six spins with up to four symbols wild. The multi-level jackpot prizes are won during the hold-and-spin bonus by filling the respective columns with jackpot symbols.

### **GAME FEATURES**

**Free Games Bonus** – The free games bonus awards six free spins with up to four wild symbols. During the free games bonus, the symbols that become wild will also turn gold.

**Hold-and-Spin Bonus** – During this feature, you'll start with three free spins and a 4x5 array of 20 independent spinning reels. Every jackpot symbol that appears on screen will lock in place and award one additional free spin. When a reel is filled entirely with jackpot symbols, you'll win the respective jackpot prize of the five-level jackpot feature, which can be the mini, minor, major, mega, or grand.

When the whole screen is filled with jackpot symbols or you run out of free spin, you'll win the credit prize on each jackpot symbol on the screen, multiplied by the total bet.
