## GAME DESIGN

### Game Theme and Graphics

Link wins to trigger the Free Spins Bonus. The more wins you link the more Free Spins you will get. Re-trigger Free Spins in the Free Spins Bonus. Also look out for the Colossal Reel Bonus that can be triggered randomly before any game.

### Main Game

Top o'the Money™ is played on 5 x 4 reels and 20 win lines. Your aim is to land 5 identical symbols along a win line. Winning combinations start on the first reel on the left or right and run along an active win line to the last reel on the right or left. To win, the symbols must lie next to each other without any other symbols between them.

Freefall Bonus: All symbols from winning combinations in a game will explode and new symbols fall into place. Any new winning combinations are paid. This continues until there are no wins in view.

## Colossal Reel Bonus

The Colossal Reel Bonus can trigger in any game before the reels start. Once triggered, the player will have numerous spins on the reel accumulating multipliers that are shown on the left hand side. When finished all the multipliers are added up and multiply the bet. Once complete, the player returns to the reels and plays out the initial game.

## Free Spins Bonus

To trigger the Free Spins Bonus you must get 5 consecutive wins. For each win you light a trail position. Once any win has paid the symbols involved in that win are removed and any symbols on top drop down. This can happen multiple times. Lighting all the trail awards 10 Free Spins.

- Position 5 = 5 Free Spins
- Position 6 = 7 Free Spins
- Position 7 = 10 Free Spins

The Free Spins Bonus plays like the main game but has randomly added Wilds to some of the Royal symbols increasing the chances of more wins. It is also possible to re-trigger the Free Spins Bonus by filling up the trail. The Free Spins Bonus ends when the player uses all of their Free Spins.
