## **Free Spins Bonus**

---

The *Free Spins Bonus* is triggered when three Bonus scatter symbols appear anywhere on the centre three reels. These symbols are only found on reels 2, 3, and 4.

Triggering the *Free Spins Bonus* awards 15 free spins. The reels in the *Free Spins Bonus* are richer than the base game reels.

The *Free Spins Bonus* is retrigged when three Bonus scatter symbols appear anywhere on the centre three reels. These symbols are only found on reels 2, 3, and 4.

The bonus can be retrigged multiple times, up to a maximum of 225 free spins per bonus.

The Diamond symbol is wild in the *Free Spins Bonus* and is only found on reel 5. Every time a Diamond symbol appears, it is saved in a special on-screen accumulator. Collect 3 Diamonds total and all White Persian cat symbols become wild on reels 2 through 5. The White Persian cats become wild on the spin the third Diamond is collected and for all subsequent spins in the bonus. Furthermore, every additional set of three Diamonds upgrades an additional cat:

- 3 Diamonds: the White Persian is wild on reels 2 through 5
- 6 Diamonds: the Orange Tabby is also wild on reels 2 through 5
- 9 Diamonds: the Calico is also wild on reels 2 through 5
- 12 Diamonds: the Siamese is also wild on reels 2 through 5

After 12 Diamond symbols have been collected, no more Diamonds can be collected, but the Diamond symbol remains wild. Once the *Free Spins Bonus* ends, all Diamond accumulators are emptied.

Free spins are played at same coin value as the triggering spin.

## **Rules**

---

Misuse or malfunction voids all pays and plays.

The prizes are paid in accordance with the payout table available on the game interface.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far-left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

Only the highest scatter win is paid. Scatter wins are multiplied by the total bet.

Scatter wins are independent from line wins and are added to the total amount paid.

Bonus wins are independent from line wins and are added to the total amount paid.

Wins are shown in currency.

Logo symbol is wild and appears on reels 2, 3, 4, and 5 only.

In the *Free Spins Bonus*, cat symbols that have become wild are only wild on reels 2, 3, 4, and 5. When enough Diamonds have been collected to make a given cat symbol wild, that cat symbol becomes wild on that spin immediately and for all subsequent spins in the bonus.

Diamond symbol is wild and appears on reel 5 only in the *Free Spins Bonus*.

All Wild symbols substitute for all symbols except the Bonus symbol.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

In some jurisdictions, regardless of bet size, there may be an award cap on any single transaction. See the paytable for details. A transaction includes the results of the bonus, plus the outcome which launched the bonus. If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

### Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given spin of the game, the chances of winning the top award on the next spin are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of spins by numerous players over an extended period of time. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.

The return to player rate for this game is 94,93%.
