## HELP

### SPECIAL SYMBOLS AND FEATURES

#### MEGAWAYS™

Each spin awards a different ways to win combination depending on the total number of symbols which land on the reels. Landing a maximum of 7 symbols on each of the 6 reels offers a potential 117,649 MegaWays™ to win!

#### CHAIN REACTION

Symbols forming wins disappear, giving way for new symbols to drop in that may form new wins.

#### ROYAL CORGIS

The Royal Corgis are Super symbols which always land in their full size and cover a whole reel. The Royal Corgis have a ways multiplier of 2x applied to all win ways which the WILD participates in. If both Corgis participate in a win way, their multipliers are multiplied by each other. There are two types of Corgis. A male Corgi that only lands on the 2nd reel and a female Corgi that only lands on the 5th reel. The Royal Corgis are not destroyed when participating in a win way. Corgis can also land after a cascade if all tiles on the corresponding reels have been destroyed. The win ways are awarded before the QUEEN SPINS are triggered.

#### QUEEN SPINS

Landing both Royal Corgis in the same spin triggers 10 QUEEN SPINS. The Royal Corgis will lock for the duration of QUEEN SPINS. No retriggers of QUEEN SPINS are available during the bonus round.

#### RISING MULTIPLIER

Each win during QUEEN SPINS will increase a Rising Multiplier that applies to all wins up to 20x. The multiplier resets at the end of the bonus round.

#### BABY CORGIS

During QUEEN SPINS, the Baby Corgis bonus may be randomly triggered. The male and female Royal Corgis may send kisses and hearts to each other and spawn a random amount of between 2 and 5 Baby Corgis between them. The Baby Corgis are WILDS that substitute for all paying symbols. The Baby Corgis will not lock and they will disappear if they participate in a win way.

### HOW TO PLAY DOGGY RICHES MEGAWAYS™

#### Total Stake

The Total Stake is the total of stakes per line. You can adjust it at any time, using the + or – buttons.

#### Spin the Reels

If you are playing on desktop, click the Spin button or press the spacebar to spin.

#### General types of games

Check the pays menu in the game payable if you are not sure of the game type.

The values related to each symbol, shown either on the slot scene or on the dedicated Symbol Wins pages of the Pays menu, represent stake multipliers and not credits.

The prize value from one payable is equal to the total stake divided by the number of paylines, multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payable, the largest win is paid. Each individual payable can pay only once per spin.

Example: Total stake is 2. Total paylines are 20. Symbol multiplier for length of 5 is 300. The win for 1 payable with this symbol and length would be calculated as such:  $2 / 20 * 300 = 30$ .

The prize value from one payable in a Multiline game is equal to the stake multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple win lines, the total win values are summed. If more than one win occurs on the same payable, the largest win is paid.

Example: Stake is 2. Symbol multiplier for length of 5 is 20. The win for 1 payable with this symbol and length would be calculated as such:  $2 * 20 = 40$ .

The prize value from one way or cluster in a Ways or Winning Clusters game is equal to the stake multiplied by the symbol multiplier advertised in the payable. Where multiple wins occur on multiple ways or clusters, the total win values are summed.

Example: Total stake = 2. Symbol win multiplier = 2. Win =  $2 * 2 = 4$ .

If there is a Scatter Symbol in the game, all wins will be paid in addition to any other symbol wins occurring on the same spin.

Please be aware that each account allows only a single game to be played at any one time. Therefore, a game should not be played on more than one device, or multiple games on the same device simultaneously. Doing so may lead to various errors.

For the best gaming experience, use of the latest version of software is recommended.  
Malfunction voids all pays and plays.

The calculated max multiplier of the game is 3494.4.  
Minimum stake: £0.10  
Maximum stake: £100  
Game Version: 4.0.1  
Launcher Version: 1.28.2  
Manufacturer: Dopamine EOOD

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 35 days will be cancelled, and the corresponding bet will be refunded.

## WITH PROGRESSIVES

### **Jackpot Game**

Win one of the offered jackpot tiers when three or more jackpot symbols appear on the reels or the jackpot is triggered by a game feature. Spin the jackpot wheel to determine which of the offered jackpot tiers will be won. The size of the segments on the jackpot wheel do not correlate to the odds of winning each jackpot tier represented. The chances of winning a jackpot increase in correlation with the size of the stake played. The jackpot is triggered randomly and can be won by playing any of the linked jackpot games. To win the jackpot, the player is not required to make any decision other than to spin the reels. The stake value cannot be changed during free spins. Internet connectivity issues may cause delays in jackpot messages or updates, but they do not affect actual jackpot wins. It is not possible for two players to win the same jackpot. In the event two jackpot winnings occur close to one another the jackpot will be assigned in their respective order. Due to connectivity issues the jackpot value displayed may differ from the effective jackpot value. The jackpot could be temporary deactivated, when this occurs all contributions are paused. The jackpot amount available upon reactivation will be the same as before the deactivation.

### **Progressive Jackpot**

The progressive jackpot is accumulated by all stakes on games offering these jackpots and, in some cases, the jackpots may be offered on multiple websites. A percentage of each total bet is added to a common pot. Part of this contribution is used to form the progressively increasing jackpot amounts, and the other part, contributes to a seed fund, which is the minimum amount of money guaranteed to be made available to players after a jackpot is won by qualifying players. Once the jackpot has been won, a new progressive jackpot will be made available and the process repeats. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling value and can be won at any time. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

### **Time Jackpot**

The time jackpot is a progressive jackpot which is guaranteed to pay out before a set date and time. The prize pot grows with the contributions from the stake of each spin on a jackpot game, and the closer the prize pot gets to the advertised guaranteed latest payout time, the greater the odds of winning it.

Odds increase up to 100% when the guaranteed latest payout time is reached. Once the jackpot has been won, a new time jackpot will be made available and the process repeats with a new deadline for the next guaranteed payout. The jackpot can be triggered and won by a single spin from a single user only. This jackpot does not have a ceiling but must be won before the date and time specified. When the jackpot is won by another player, a notification appears in the jackpot panel. Once won, the amount is transferred directly to the user wallet, even if it is won during a bonus spin.

### **Dynamic Jackpot Allocation**

Only the first \$2 of a stake is eligible to win the time jackpot.

Stake amounts in excess of \$2 are contributed directly to the progressive jackpot.

### **Daily Drop (time)**

Current starting value is: \$200, Next minimum starting value is: \$200

### **Super Drop (progressive)**

Current starting value is: \$5,000.00, Next minimum starting value is: \$5,000.00

The RTP shown in the game help screens includes the 3% progressive jackpots contribution.
