

BRUCE LEE™

Base Game

- WILD is wild for all symbols except FEATURE.
- Paytable reflects current bet configuration.
- Only highest winner paid per winning combination.
- Line pays must occur on adjacent reels, beginning with the leftmost reel.

Feature Description

- The free spin feature is triggered in 3 different ways.
- During Free Spins, an alternate set of reels is used.
- Winning combinations for these reels are identical to the base game.
- During Free Spins, the bet per 2 lines and the active paylines remain the same as the spin that triggered the feature.

Note: In the mobile version of the game, the phrases “(bet) per line” and “(bet) per 2 lines” are used interchangeably. The correct phrase is “(bet) per 2 lines”.

Method 1

- If reels 1A, 2A, 1B, and 2B contain 4 matching symbols (WILD included) and 3 scattered FEATURE symbols appear on reels 3, 4, and 5, 20 free spins are awarded.
- Reels 1A, 2A, 1B, and 2B are held and 1 EXPANDED WILD symbol will land on either reel 3, 4, or 5 making it wild, and 1 WILD symbol will land in a random position on each of the other two reels on each spin.
- During free spins, an alternate set of reels is used.
- During free spins, the feature cannot be retrIGGERED and FEATURE symbols do not appear on the reels on each spin.

Method 2

- If reels 1A, 2A, 1B, and 2B contain 4 matching symbols, 5 free spins are awarded with reels 1A, 1B, 2A, and 2B held.
- During free spins, 3 scattered FEATURE symbols add 5 additional free spins to the amount of free spins remaining.

Method 3

- If there are 3 scattered FEATURE symbols on reels 3, 4, and 5, 5 free spins are awarded. 1 EXPANDED WILD symbol will land on either reel 3, 4, or 5 making it wild, and 1 WILD symbol will land in a random position on each of the other two reels on each spin.
- During free spins, an alternate set of reels is used.
- During free spins, the feature cannot be retrigged and FEATURE symbols do not appear on the reels on each spin.

Paylines

- Wins on multiple paylines are added together.
- Total line bet must be divided equally between each active payline; therefore, all total bet amounts are not available.
- The total bet is the bet amount added for every 2 lines. Only active paylines can register wins.
- Malfunction voids all pays and plays.
- Any combination of wins in a single game is limited and will not exceed \$250,000.00. It may not be possible to reach this limit in a single game from every stake configuration.

Quikbet Panel (available only in the desktop version of the game)

- Clicking on the "QB" button opens the Quikbet Panel.
- All values in this panel are equated with maximum paylines enabled.
- Click a value to immediately change the Total Bet value to that amount and set the reels in motion.

Return to player

- The theoretical return to players for this game is 96.05%.
- Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.
