### **Rules**

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Line wins pay from left to right. Line wins are multiplied by the line bet on the winning line. Coinciding line wins on different paylines are added.

Bonus wins are added to line wins, and only the highest winning combination is paid.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

Wild symbol substitutes for any other symbol except the Bonus symbol.

Wild symbol appears on reels 2 and 4 only.

Bonus symbol appears on reel 1 in the base game only.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the paytable for details.

A transaction includes the results of the *Poseidon Free Spins Bonus* plus the outcome which launched the bonus.

If the award cap is reached in the bonus, the bonus ends immediately, even if there are remaining free spins.

## **Additional Information**

### Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent. The odds of getting any particular outcome are always the same. The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc. For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. For this game type, the long-term theoretically expected payback is 94.14%. The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.
