INTRODUCTION

4 Fantastic Fish Amazon Adventure is a 6-reel, 4,096 Ways slot created by 4ThePlayer.com. Ways slots remove paylines to make it easier to see the wins. A win is formed from consecutive symbols starting from the first reel.

Land Piranha symbols as a Way Win to be awarded their cash prizes! Reel in the Amazon Respin Bonus and net as many Piranha symbols as you can – watch out for the Gator who will collect and multiply your wins! Will you get a helping hand from the Giant Anaconda as it swaps Piranhas to create more wins, or from the Piranha feeding frenzies symbols that create or improve wins? Find lost loot in the Lost City Pick-A-Win bonus, and watch out for 1 of 4 Big Game prizes in the base game or the bonuses!

HOW TO PLAY?

The player chooses their bet amount using the + and - buttons. For details on win payouts see the game paytable.

To play the game, the player presses the SPIN BUTTON. If playing on PC and if enabled in the game options menu, the space bar can also be used to spin the reels.

Winning symbols are highlighted when the spin stops.

Wins pay from left to right.

In Big Reel Portrait Mode, wins pay from top to bottom.

Simultaneous or coinciding wins on different ways are added.

Only the highest winning combination per line is paid out.

SYMBOLS

WILD

The Wild symbol substitutes for every symbol except scatters.

Wilds have no payout and can appear on any reel.

Wilds cannot appear on reels 1 and 2 simultaneously.

RESPIN SCATTER

3 or more Respin scatters in view will award the Amazon Respin Bonus.

These scatters can land on any reel.

PICK SCATTER

3 or more Pick scatters in view will award the Lost City Pick-A-Win Bonus. You will win the same number of picks as scatters that triggered the bonus.

These scatters can land on any reel.

BIG GAME PRIZES

Big Game Prizes can land on reel 6. They will award one of 4 large prizes if they are involved in a Piranha symbol way win.

MONEY WAYS

Piranha symbols can land in view on any reel. Piranha symbols land with cash prizes attached to them, and can win as per any other normal way win, on adjacent reels from left to right starting with the first reel. When a win occurs, any Piranha symbols involved in the win will award the total prize shown on the symbol.

AMAZON FREE SPINS

3 or more Respin scatters in view will award the Amazon Respin Bonus. Each reel that a scatter lands on will be open; all other reels will be closed.

Any Piranha symbols that land on the triggering spin will be locked on the reels, regardless of whether they land on a reel that is open or closed.

All symbol positions will spin and any new Piranha symbols that land on open reels will be locked in place and their cash prize awarded. Piranha symbols that land on closed reels will not be locked.

If a Respin scatter lands on a closed reel, that reel will be opened for subsequent respins. Respin scatters cannot land on already open reels.

The player will have 3 respins. If a new Piranha symbol is locked in place or a Respin scatter opens up a closed reel on a respin, the number of remaining respins will be reset to 3. When the player runs out of respins, the bonus is over.

GATOR FEATURE

If an open reel is completely filled with locked Piranha symbols, a Gator will swim up that reel and collect the cash prizes from all of the Piranha symbols. The total prize will be multiplied by 2x and held in the top position of the reel; the other reel positions will then be reopened for new Piranha symbols to land in.

The graphics for the total will be a skeleton fish. This will act as a locked Cash Fish.

ULTRA (10000X) Big Game Prizes cannot be eaten by the Gator.

PIRANHA FRENZY

On any spin, Piranha symbols might appear:

MAIN GAME

Can swim onto the reels to create or improve existing wins with Piranha symbols.

RESPIN BONUS

Moves sideways to lock on open reels.

GIANT ANACONDA BONUS

The Giant Anaconda can appear on any spin.

MAIN GAME

The Giant Anaconda might swap symbols to create or improve a Piranha symbol win.

RESPIN BONUS

The Giant Anaconda might move a Piranha symbol from a closed reel to an open reel to lock it in place.

LOST CITY PICK-A-WIN BONUS

3 or more Pick scatters in view will award the Lost City Pick-A-Win Bonus. You will win the same number of picks as scatters that triggered the bonus.

You will be presented with a number of pickable objects. Each object contains a cash prize. Tapping any of the objects picks it and reveals its prize, which is then added to your total win.

When you have run out of picks, the feature will end.

HOW TO CALCULATE A WIN WITH 4096 WAYS

To calculate the total Ways win, add all the symbol wins together. All way wins are summed together after the spin. To calculate a single symbol win, count the number of consecutive reels that contain the symbol, starting from the leftmost reel.

If the number of consecutive reels containing the symbol is 2 or greater counting from the left find the corresponding win amount in the pay table.

If any of the reels contain more than 1 instance of a symbol, the win will be multiplied.

Multiply the number of symbols on each of the reels to get the final payout multiplier.

For example, if the first reel contains 2 symbols, second reel 3 symbols and third reel 2 symbols, the payable value is multiplied by $2 \times 3 \times 2 = 12$.
