## BULLSEYE BONUS FEATURE

- 3 SCATTER symbols on reels 1, 3 and 5 start the Bullseye Bonus Feature
- 10 free spins and 3 arrows are awarded in addition to 2x the total credits bet.
- Before each spin, awarded arrows are randomly fired at the target. During the Bullseye Bonus Feature, each TARGET appearing on the reels awards 1 additional arrow.  
The initial 3 arrows awarded when the feature is started cannot land on the bullseye.  
An arrow landing on Reel 2 Ring, Reel 3 Ring, Reel 4 Ring or Reel 5 Ring awards one quarter of the METER (Empty) for the corresponding reel.  
When all four quarters of the METER (Full) are collected, the corresponding reel becomes WILD for all subsequent free spins, and the corresponding ring on the target becomes locked.  
An arrow landing on the Bullseye randomly awards a WILD reel on reel 2, 3, 4 or 5, and the ring on the target corresponding to the awarded WILD reel becomes locked.
- If a Reel Ring becomes locked, no arrows will land on the locked Reel Ring.  
If all Reel Rings become locked, no additional arrows are awarded or fired.  
TARGET appearing on the final spin of the Bullseye Bonus Feature are not counted.  
Reel 1 cannot become a WILD reel.  
During the free spins, one or more WILD in a winning combination on an active payline is WILD and substitutes for all available symbols except TARGET.  
WILD reels substitute for all symbols except TARGET.
- All free spins are played with the line bets that were in play when the free spins were started.  
The free spins use bonus reels that differ from the base game reels.
- SCATTER is not available during the Bullseye Bonus Feature.  
Additional free games are not awarded during the Bullseye Bonus Feature.  
The Bullseye Bonus Feature ends when no free games remain.  
During the free games, there is no pay associated with the TARGET.  
All other symbols pay as described in the paytable.
