FULL GAME RULES

This game is a 6-reel, 3 row video slot. The game is played with 10 bet lines (fixed), orientated from left to right.

The Book symbol is a scatter symbol. Three or more Books that appear in any positions on any reels result in 8 free spins being awarded. On any free spin, three scattered Books will extend the free-spin sequence by an additional 8 free spins!

Before a free spin sequence begins, an ordinary symbol is randomly chosen to act as a special expanding symbol during the initial 8 free-spins sequence.

After prizes for regular winning combinations have been recognized, the special symbol may expand to cover all three positions on its reel. The special symbol will expand only when additional prizes can be awarded along pay-lines for winning combinations. Expanded symbols do not need to appear adjacent to each other to result in a winning combination.

If the bonus game is re-triggered multiple times during an active bonus round then an additional, different ordinary symbol will be chosen to act as a further special expanding symbol. This process may be repeated until there are no more ordinary symbols left to choose from.

The WILD symbol substitutes for all symbols except scatter symbols.
