

ABOUT THE GAME

The Bowery Boys is a game set in Hell's Kitchen back in the 19th Century! It has a 6x5 playing field with all-scatter wins. This game is packed with Blasting Bomb Multipliers and Strongboxes filled with cash to really take your wins to another level! You can win up to 10,000 times your bet!

Total Win Bar

All wins during a round will be collected and displayed above the reels in the total win bar as a pending win amount. The pending win amount will be updated after every new win in the round. At the end of a round, the pending win amount is paid out (after applying Strongboxes and Multipliers) and the pending win resets to 0.

Strongboxes

Land Strongbox scatter symbols together with a Key scatter symbol to unlock extra cash prizes. These values will be added to the total pending win amount above the reels at the end of the round, before applying any Multipliers. One Key can unlock multiple Strongboxes.

There are three different Strongboxes with different prize values

Small Strongbox: 2x-5x bet cash prize

Medium Strongbox: 10x-25x bet cash prize

Large Strongbox: 50x-250x bet cash prize

Blasting Bomb Multipliers

Land Blasting Bomb Multiplier scatter symbols to really make your wins explode! Blasting Bomb Multipliers multiply the current pending win amount by the multiplier value at the end of the round (after applying any opened Strongboxes). If you land two or more multipliers, their values will first be added together, and then the win will be multiplied by the total.

Possible multiplier values: 2x, 3x, 4x, 5x, 10x, 15x, 25x, 50x, 75x and 100x.

Multipliers are only activated if there is a pending win amount in the total win bar.
