Auto Spin Feature

Auto Spin plays the game automatically for a given number of spins at the current coin value.

For jurisdictions where Auto Spin is enabled: Select the number of auto spins, the loss limit, and the (optional) single win limit.

After selecting the desired bet configuration, press **AUTO SPIN**, and choose how many spins to play at the current bet settings.

Auto Spin plays the specified number of spins until **STOP** is pressed, a bonus is triggered, the balance is insufficient to spin, or any enabled win/loss limit settings are reached.

Auto Spin is only available in approved jurisdictions.

Winning the MegaJackpots Progressive

Every bet offers a chance to win the **MegaJackpots** Progressive. The higher the bet, the better the odds of winning.

Win the Progressive if a **MegaJackpots** token is revealed in an envelope during a spin of the wheel in the **MegaJackpots Bonus**. The more triggering Bonus symbols that appear on the reels before the **MegaJackpots Bonus**, the more **MegaJackpots** tokens are available in the bonus, boosting your chances of winning even further.

After every spin of the base game that doesn't award the Progressive, a behind-the-scenes Second Chance drawing occurs that can also award the **MegaJackpots** Progressive.

The odds of winning the Progressive are proportional to the actual bet amount. Therefore, the game is completely fair, offering the same odds per amount bet per currency.

For example, a player playing at a 0.20 coin value has twice the chance of winning the Progressive as a player playing at a 0.10 coin value in the same game and currency. The expected return to player is exactly the same for both players.

See [Rules](#) for information regarding payout.

Wheel of Fortune® Wheel Feature

Three or more Bonus scatter symbols appearing anywhere on the reels trigger the **Wheel of Fortune® Wheel** feature.

The more Bonus symbols on the reels, the better the wheel wedge upgrades.

3 Bonus symbols trigger a spin of the Wheel.

4 Bonus symbols trigger a spin of the Super Wheel.

5 Bonus symbols trigger a spin of the Ultra Wheel.

When triggered, a single spin of that wheel is awarded.

Each wheel wedge displays an award:

- *Multiplier* wedge: Awards the total bet multiplied by the wedge multiplier value.
- *Mystery* wedge: Triggers the Mystery feature.
- *Wild Reel* wedge: Triggers the Wild Reel feature.
- *Respin* wedge: Triggers the Respin feature.
- **MegaJackpots** wedge: Triggers the MegaJackpots Bonus.

Mystery Transform Feature

The *Mystery Transform* feature is triggered when the **Wheel of Fortune®** Wheel lands on a Mystery wedge in the base game.

When triggered, a non-Bonus symbol is selected on the screen as the *Mystery* symbol for that spin:

- When a Wheel spin triggers the feature, the 3 Bonus symbols and up to 3 additional non-Bonus symbols transform into the chosen Mystery symbol
- When a Super Wheel spin triggers the feature, the 4 Bonus symbols and up to 7 additional non-Bonus symbols transform into the chosen Mystery symbol
- When an Ultra Wheel spin triggers the feature, the 5 Bonus symbols and up to 9 additional non-Bonus symbols transform into the chosen Mystery symbol

The *Mystery Transform* feature always improves the current win outcome of the game and is guaranteed to turn any non-winning outcome on the reels into a winning outcome.

Wild Reel Feature

The *Wild Reel* feature is triggered when the **Wheel of Fortune®** Wheel lands on a Wild Reel wedge in the base game.

When triggered, any reel on which a Bonus symbol appears turns into a full reel of Wild symbols.

Respin Feature

The *Respin* feature is triggered when the **Wheel of Fortune®** Wheel lands on a Respin wedge.

When triggered, all Bonus symbols on the reels turn into Sticky Wild symbols for the duration of the *Respin* feature.

- When a Wheel spin triggers the feature, 3 respins are awarded.
- When a Super Wheel spin triggers the feature, 4 respins are awarded.
- When an Ultra Wheel spin triggers the feature, 5 respins are awarded.

Multiplier Feature

If the **Wheel of Fortune®** Wheel lands on a Multiplier wedge, the total bet multiplied by the multiplier value displayed on the wedge is awarded, in addition to any other wins present on the triggering spin.

The multiplier values increase as the number of triggering Bonus symbols increases.

Multiplier values are:

- Wheel: 3x, 4x, 5x, 6x, 7x, 8x, and 10x
- Super Wheel: 15x, 20x, 25x, 30x, 35x, 40x, and 50x
- Ultra Wheel: 75x, 100x, 125x, 150x, 175x, 200x, and 250x

MegaJackpots Bonus

The **MegaJackpots Bonus** is triggered when the **Wheel of Fortune®** wheel lands on a **MegaJackpots** wedge.

When triggered, a single spin of the **MegaJackpots Bonus** wheel is awarded.

The wheel displays 24 envelopes, containing either a **MegaJackpots** token or a prize value.

The number of envelopes containing a **MegaJackpots** token is based on the triggering wheel:

- 1 **MegaJackpots** token: Wheel
- 2 **MegaJackpots** token: Super Wheel
- 3 **MegaJackpots** token: Ultra Wheel

When the wheel spin ends, the selected envelope is opened and the prize in the envelope is awarded:

- Prize value envelopes award the prize value multiplied by the triggering coin value.
- **MegaJackpots** token envelopes award the **MegaJackpots** Progressive.

Second Chance Win

A behind-the-scenes Second Chance drawing can also award the **MegaJackpots** progressive award. The Second Chance drawing applies if the game did not award the jackpot at the end of each base game spin.

The Second Chance drawing is based on wager size: the jackpot win odds scale linearly with the wager size.

Special animations display when Second Chance Jackpot is won.

Second Chance odds are paymodel driven; thus there are different configurations for different jurisdictions.

Rules

Misuse or malfunction voids all pays and plays.

All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Only the highest winner is paid on each payline. Line wins are multiplied by the coin value on the winning line. Coinciding line wins on different paylines are added.

Bonus wins are independent from line wins and are added to the total amount paid.

Wild symbols only appear during the *Respin* feature and do not trigger the **Wheel of Fortune®** Wheel feature.

Bonus symbols appear in the base game only.

Wins are shown in currency.

The prizes are paid in accordance with the payout table available on the game interface.

Any game in progress for more than 30 days will be cancelled, and the corresponding bet will be refunded.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction, excluding the **MegaJackpots** Progressive. See the payable for details. A transaction includes the results of the **Wheel of Fortune®** Wheel features, plus the outcome which launched the feature. If the award cap is reached in the *Respin* feature, the *Respin* feature ends immediately, even if there are remaining respins.

MegaJackpots Rules

When a player wins the Jackpot, a notification message appears. Customer service will contact the player within 24 hours with details of your Jackpot payout. The award verification may take up to 72 hours, and the win will not be reflected in your account balance. You may continue to play. It will not affect your Jackpot.

The amount paid after verification is approximately the amount seen on the Jackpot meter when the win occurs. Potentially, the awarded Jackpot could be somewhat higher because of display delays.

All applicable taxes and fees in connection with any winnings awarded to the player, and any other payments to the winning player are his/her sole responsibility. Winnings cannot be transferred, substituted, or redeemed for any other consideration.

Jackpot represents an increasing top award where the growth is funded by a fixed percentage of each bet placed by all players playing for the jackpot.

Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or a series of spins, per the game rules. The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size (except the jackpot), balance size, time of day, day of week, etc. For example, if the top award is won on a spin, the chances of winning the top award on the next spin are exactly the same. Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time. The expected payback includes the positive effect of the jackpot. The larger the jackpot, the larger the expected return.

For the specific version of this game at reset the jackpot is \$500,000.00 and the expected return is 91.05%.

Example jackpots:	Long-term expected return:
\$500,000.00	91.05%
\$1,000,000.00	93.05%

The results for any given player over a play session can vary widely from this long-term, expected average in either direction. The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
